was HEREBY ADJOURNED AT 6:17 p.m.

ATTEST: Kayleen Bracco

Tower 1

Monthly Report

October 2022

Summary

Tower 1 responded to 64 incidents during the month of October. This number may not be exactly accurate due to some calls not being posted in the new software. Notable calls include 1 building fire, 2 extrications at an MVA, and 1 rescue of a person from a bridge.

Personnel

Nothing to report.

Apparatus/Equipment

Tower 1 will be going out of service again in November for the 4th attempt to fix several oil leaks from the engine, which only has roughly 15,000 miles on it. It is also going out of service for repairs to the backup camera that has been out of service since January.

Fire Stations/Facilities

Nothing to report.

Miscellaneous

Nothing to report.

Respectfully submitted,

James Plaster, Captain

Engine Company 2

Monthly Report

October, 2022

Summary

Station 2 Personnel responded to 47 calls for service and performed 4 area surveys in October. Fall cleanup has been completed by all shifts and the firehouse is clean and tidy. The Efforts put in by Station 2 personnel shows the pride they take in their work.

Station 2 Personnel participated in fire prevention presentations at West Bristol School and Edgewood School with Okee.

Personnel

Deputy Chiefs continue rotating probationary firefighters through E2.

Station 2 members LT Brian Wilkinson and FF Mike Marek had the privilege of participating as honor guard membes during the ceremony at Rentschler for Officer Hamzy and Sargent Demonte.

Apparatus/Equipment

There were no issues with Engine 2.

There were no issues with the brush truck or boat.

The Engine 2 SCBA were put through their annual flow testing.

Fire Stations/Facilities

The gear lockers were moved from the wall next to the apparatus to the other side of the firehouse. There is significantly more room for FF to back the Engine in and place the Plymo on the exhaust safely now.

Miscellaneous

This month was particularly hard for the BFD and community at large. The tragic events experienced by the Police Department are something I hope no other community has to experience ever again. It was our honor to be able to assist the Police Department and their families in any way we could during their time of need. Although the circumstances were beyond tragic, we were able to connect with the community in unimaginable ways. I am extremely proud of the way BFD members selflessly gave of themselves during the horrible time.

Respectfully submitted,
Captain Todd Cutler

Engine 3 Monthly Report October 2022

Summary

- Engine 3 responded to 41 call for service in the month of October. These responses included a multi-car fire, carbon monoxide, fire alarms and numerous other service calls. October is fire prevention month so the crews have been visiting schools and day cares across the city. Firefighters are teaching the students about fire safety and showing them the equipment we use. We show them what a firefighter looks and sounds like at an emergency, when to call 911 and other fire safety information.

Personnel

- We continue to train the recruit members assigned to station 3. We are focusing on driver training with FF Palin working on the skill and education needed for the Q license test.

Apparatus/Equipment

- Engine 8 OOS
- New engine 3 is out of production. The Pierce website reports it is out for testing to make sure any problems are identified and repaired before our members go out this month for final inspection.

Fire Stations/Facilities

- While cleaning the boiler room in the station we noticed pipe insulation had broken off. Because of the age we notified public works suspecting asbestos. It was asbestos so a company came in mitigated the issue.

Miscellaneous

- Thank you to the New Britain Fire Department and other towns that provided coverage so members could attend the services for Lt. Dustin DeMonte and Sgt. Alex Hamzy.

Respectfully submitted,

Craig Henderson,
Captain Station 3
Bristol Fire Department

Engine 4

Monthly Report

October 2022

Summary Engine 4 responded to 61 calls for service in October. Engine 4 conducted 2 fire prevention tours during the month of October. A Place to Grow To and ESPN child care, both located on Enterprise Drive were visited by Engine 4.

Personnel I would like to recognize the following Firefighters for their actions during the month of October. Firefighter Kevin Spatkowski organized a blue light bulb giveaway for the community at Station 4. Over 300 light bulbs donated by Home Depot were distributed to the public free of charge. Lieutenant Gary Buzzell, Firefighter Larry Rossi and Firefighter Justin Miller purchased strings of blue lights to be placed around the apparatus bay doors. Firefighter Chris Stone donated blue LED lights for the watch room. And Firefighter Joe Neary obtained a police flag to be displayed on Engine 4. All these actions were taken in an effort to show our support for the Bristol Police Department.

Lieutenant Derek Freimuth organized a retiree breakfast at Station 4 on Saturday October 29. Approximately 20 retirees were in attendance. Newest Firefighters Brock Clark, A shift, Joe Neary, C shift, and Brian Woodford, D shift, spent the month of October at Station 4.

Apparatus/ Equipment Engine 4 was returned to service on October 7. The damage to the rear compartment door was repaired. The damage to the pump panel area will be scheduled for a later date in order to maintain an adequate amount of spare apparatus. Engine 6 remains in service as a spare.

Fire Station/ Miscellaneous A police press conference was held at Station 4 on October 13 following an incident on Redstone Hill Road. Oliver Wolcott Technical School continues to work on the roof ventilation prop next to the drill tower. Public Works replaced a broken outlet by the front bay doors. Air Temp was on site to replace a broken circulator pump for the heating system. R&C Electric installed 6 Airus fans in the upper part of the bay area to blow the warm air from the ceiling down to the bay floor. And Dave Oakes from public works is scheduling replacement of two faulty smoke/ carbon monoxide detectors in the bunk rooms.

Respectfully submitted,

Scott McKearney

Scott McKearney, Captain

ENGINE CO #5
MONTHLY REPORT
OCTOBER 2022

SUMMARY

Engine 5 responded to a total of 53 calls for service in the month of October. Calls for service included 2 Building Fires, 3 Vehicle Fires, 8 Motor Vehicle accidents with two involving passenger extrication and one involving a pedestrian, 2 Carbon Monoxide Incidents, 11 Residential Fire Alarms, 5 Commercial Fire Alarms, multiple PD and EMS assists, and several Unauthorized Burning calls.

PERSONNEL

Firefighter Stephen Palin returned to Station 3 on C shift. Firefighter Stephanie Barry returned to Station 5 from her cross training rotation and has been permanently assigned to our C shift with Lt. Ray Sajdak and Firefighter Chris Hayden.

APPARATUS/EQUIPMENT

Engine 7 was returned to Station 5 after a lengthy stay at Station 4 due to several pieces of Apparatus being down. It is in good working order. Engine 5 still has not had the AC system repairs started. Engine 5 still had a fairly severe on going water leak in the plumbing between the tank and pump and also has a fuel leak issue after being fueled. Engine 5 personnel have been doing an excellent job of staying on top of keeping the water tank full and tending to the fuel issue either with spill pads or sand.

FIRE STATIONS/FACILITIES

Station 5 had issues several times in October with both heating circulators which were addressed by Dave Oakes and his staff. The suspended heater in the back bay of Station 5 was also out of service for a couple of weeks and has since been repaired by an outside contractor. Both bathroom vents were shut off at the unit on the roof due to a possibly ceased motor and severe overheating issues. Lastly the men's bathroom urinal was taken out of service due to overflowing on to the floor. Dave Oakes is aware of the problem and will address.

MISCELLANEOUS

Fall Cleaning assignments have been started and are approaching completion by all shifts. The month of October was a very difficult time for the entire City of Bristol with the passing of Fallen Officers DeMonte and Hamzy with the Bristol Police Department. Personnel @ Station 5 displayed blue lights on the front of the Station as a sign of our support for them. Engine 5 personnel also took part in any way they could to stand side by side with the BPD. Whether it was lining the road side, selling shirts or attending the services and I am extremely proud of all of them. I would also like to thank the West Hartford Fire Department for providing Station Coverage on 10/21/2022.

RESPECTFULLY SUBMITTED,

CAPTAIN BRIAN D'AMATO

**CITY OF BRISTOL FIRE DEPARTMENT
OFFICE OF THE FIRE MARSHAL
MONTHLY REPORT**

October 2022

Kristopher Lambert
Kristopher Lambert, Fire Marshal

**CITY OF BRISTOL FIRE DEPARTMENT
OFFICE OF THE FIRE MARSHAL
MONTHLY REPORT
October 2022**

TO: City of Bristol Fire Board Members
FROM: Kristopher Lambert, Fire Marshal
SUBJECT: Monthly Report – October 2022

INCIDENTS

There were two hundred two (202) incidents for the month of October 2022 that required computer-generated reports communicated to the State Fire Marshal's Office and FEMA. There were two (2) investigation(s) of fire/explosions by this office. Total estimated loss for the period is \$48,700 dollars.

There were zero (0) civilian injuries, and zero (0) Firefighter injuries reported during this period. There were zero (0) mutual aid calls given/received within the month. A copy of the cumulative monthly inspection reviews and permits account is included with this report.

REVIEWS, MEETINGS, MISC.

- The interior of this office will remain closed to the public while all business will continue to be conducted electronically, or outside of the building while social distancing. This has proven to be extremely beneficial to our customers who prefer electronic communication.
- Twenty three (23) plans for new construction, occupancy changes, and renovations were reviewed. Some of the plans included electrical and mechanicals, including Fire Alarm and Fire Sprinkler systems. Site plan drawings are also included. Coordination and consultation regarding plan review is ongoing with other city agencies.
- The Fire Marshal's Office attended four (4) formal Site Plan Committee meetings in October to coordinate details for future Plan Review submittals in the City of Bristol. **Thirty seven (18)** other site meetings attended by staff were conducted with business/property owners.

- There were approximately one hundred nineteen (119) Fire Prevention Bureau business related calls managed by the staff.
- Approximately thirty (30) visitors were received at Fire Headquarters to speak with Fire Marshal's Office Personnel. Approximately ten out of the thirty visitors were here to see the Fire Chief.
- This office contributed to an article published by The CT Mirror that highlighted the struggles all local fire marshal offices face being short staffed while trying to reach one hundred percent compliance with their mandatory annual residential inspections. Here is the link to the article:
- <https://ctmirror.org/2022/08/28/ct-fire-inspections-waterbury-triple-decker-fatal/>

TRAINING CLASSES

- Staff of the Fire Marshal's Office earned twelve (12) hour(s) of continuing education credits this month.

INSPECTIONS AND PERMITS **

- 22 Apartment building inspections (169 units)**
- 7 Assembly Occupancy Inspections
- 2 Blasting Permit(s) Issued
- 4 Business Occupancy Inspections
- 10 Automatic Sprinkler System Inspections
- 3 Certificate of Compliance
- 9 Complaint Inspections
- 1 Day Care Inspections
- 0 Educational Inspection
- 13 Fire Alarm Inspections
- 1 Gasoline station Inspection
- 1 Health Care / Nursing Home / Group Home Inspections
- 2 Hood & Duct Inspections
- 2 Industrial Inspection
- 1 Liquor License Inspections
- 1 Mercantile Inspections
- 1 Modification Application(s)
- 0 Recreation/Summer Camp
- 1 Residential Board / Care
- 0 Special Amusement/Assembly Inspection
- 0 Tent Inspections

****** In larger residential occupancies, where the building construction is modular in design and contains similar apartments with like layouts and amenities, representative apartments are chosen at random to determine compliance with the Connecticut State Fire Safety Code (CSFSC) and the Connecticut State Fire Prevention Code (CSFPC). With smaller occupancies, we do commonly enter as many units as possible where access is granted and time permits. The corresponding figures represent the number of occupancies and the total number of units affected by the inspection. *In order to achieve our statutory inspection requirements, I strongly recommend increasing the number certified personnel in this office to twelve (12). There has been a significant increase in the number of residential units within this city to support the need for additional personnel within this office. While the number of residential units has increased over the years, the staff of this office has not.*

OFFICE OF THE FIRE MARSHAL STAFF VEHICLES

Fire 3 - 2013 Ford Explorer - White

Fire 4 - 2012 Ford Expedition – Red – Being used as the on call vehicle

Fire 5 - 2011 Dodge Grand Caravan - White

Fire 6 - 2013 Ford Expedition - Red

Mileage and fuel usage reports are generated automatically and submitted by the mechanic.

Bristol Fire Department

Mechanical Division Monthly Report

October 2022

Engine 1

- Replace officer's seat pad due to faulty sensor
- W1-B collar mic replaced
- On-Spot wheels put on for the winter
- Replace numerous discharge retention chains

Engine 3

- Replace gauge on dry-chem

Engine 4

- R/R body section was repaired
- Replace DPF breather housing
- Install new mounting hardware for L-1 cribbing stacks

Engine 5

- Install new tailpipe bracket
- Replace L-3, and R-3 door pistons
- Replace auto-charge display graph

Tower 1

- Replace PTO hose assembly
- Remove E-Draulic charger from T-2, and install in T-1. A replacement unit will be purchased further down the fiscal year.
- Replace 2 air fittings on governor
- Replace aerial cradle nesting pad
- Replace piston on L-6
- Made a replacement P.W. can out of parts in stock
- 4) New escape bottles put in service
- T1-02: repair regulator
- Para-Tec controller was factory repaired
- Install chafe guard on transmission lines

Miscellaneous

- Replace battery in Station 2's mower
- Engine 7: Replace step light assembly. Repair R-1 roll up door
- Engine 6: Replace air seat control valve
- Repair Station 4's SCBA fill station
- Tower 2: Replace perimeter lights
- Replace lower hose section for E-4's Plymo drop
- Fire 2: Replace auto-eject assembly, and mating plug

BRISTOL FIRE DEPARTMENT - TRAINING DIVISION

Senior Captain James D. Blaschke - Training Officer

MONTHLY TRAINING REPORT

October 2022

Training for October focused on 2Q apparatus driver's license endorsement class. This class is being held for the 10 newly hired firefighters that need to obtain a 2Q endorsement to operate fire apparatus. This class covers legal overview of Connecticut driving laws along with department policies on operation of BFD apparatus. The students will be evaluated on D.O.T. pre-trip inspections, Brake testing, in cab checks and exterior walk around (circle check of apparatus). Each student has to complete a static driving course to prepare them for over the road driving. The static course consists of forward and reverse operation, parallel parking, spatial orientation to reduce openings and alley dock maneuver. Once completed the students then transition to over the road driving covering various apparatus operational skills. Once completed these students will be able obtain the Q endorsement for their respective CT drivers licenses.

Additional training during September was facility tours of Clean Harbors chemical treatment plant on Broderick Road. The facility tour identified access to the facility, location of FDC connections, alarm panel location and general operations of the facility. This tour was very beneficial due to the recently promoted officer and newly hired firefighters being exposed to the emergency access and control measure before a potential emergency.

Pulmonary function make up testing was complete during the month for personnel that missed the previous testing dates. SCBA flow testing was completed during the month for all department SCBA. Bristol Police attended rope rappelling training at the training facility on 10/5 and 10/12 in preparation for a SWAT challenge upcoming. SWAT team members practice safe usage of class 3 rope harness's and proper rappelling technique. I responded to 4 incidents during the month as safety officer. Some training classes had to be postponed to next month due to the tragedy that occurred in Bristol. Thoughts and prayers to the BPD and families affected by the tragedy.

Seminars/Meetings/Classes

- CERT classroom usage, First aid training
- First Due implementation meetings
- PFT Testing
