Empower Hour

Empower Hour is a free, 8-week social skills group open to Bristol elementary students in 4th or 5th grade, and is facilitated by Raven Cody, LMSW, Youth & Family Coordinator, and Makayla Joseph, BSW intern. This program addresses a new topic each week, such as self-awareness, impulse control, relationship building, emotion regulation, and responsible decision-making through age-appropriate discussion and activities.

There are 9 group members currently participating in Empower Hour. Thus far, participants have practiced decision making skills, teamwork skills, and impulse control skills. Group members have each completed a self-assessment to help identify areas of focus for the program.

Please see the below photo from a cup stacking challenge, where participants worked in teams to build different towers of cups without touching them directly with their hands. The group then discussed what their team did well together, what role each person played, and what could be done differently next time.

Dear Selection Committee:

I would like to introduce you to one of Bristol's finest youths...but with a twist.

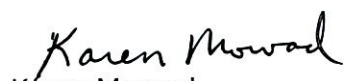

Parker DelPrado (and his siblings) were placed into foster care with my husband and I in 2016. 1.5 years later they returned home. In 2022, they were placed back into our care. While they live and study in Wolcott, CT, they are still in foster care and registered with the Bristol Public School System and their bio parents reside in Bristol.

Parker has devoted his last few years to volunteering more than 100 hours per year with various nonprofits and self-initiated community service projects. He is President of the Antlers Club for the Elks Lodge, President Elect for the Excel Community Service Club at his High School and writes grants to provide local senior citizens with emergency car kits, reading glasses, and holiday items. He currently has 2 grants in process. He is a member of CASA (Citizens Against Substance Abuse), a Special Games Volunteer, and works hard for The Jack Paul Noujaim Foundation to provide a better life for others.

As an intern for the Commission on Human Rights and Opportunities, member of Kids Court Academy, and as member of Family and Children Aid Youth Advisory Board for kids in care, he believes in social justice, equity, and giving a voice to those who don't have one. Not only does he initiate his grant requests and projects on his own, but he also truly enjoys giving back to his community. He has just registered as a volunteer at the Waterbury Senior Center and loves spending time with his many "extended grandparents."

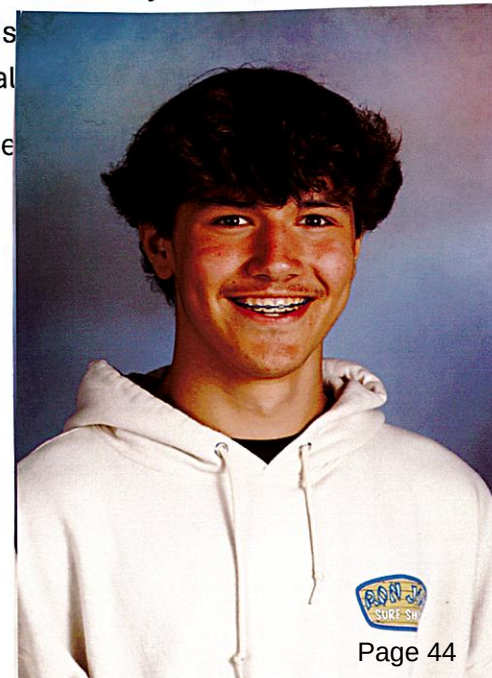

I have watched Parker handle very difficult situations in his life and only come out stronger. While many youths may suffer setbacks in foster care, Parker has used this as his platform to encourage others to never let anything stop them and he has recruited many of his peers to join organizations with him to make a difference. I would be remiss to not mention his to this prestigious award for all the good work he has done and all the love he has shown.

I am attaching his resume but if you need additional information, please let me know. Thank you for your consideration,

Karen Mowad

The main focuses of the club are to learn about the different fields in Psychology and possible careers while also learning how to take care of your mental health. It also serves as a support system for students who can openly share their thoughts and concerns in a non-judgemental setting. The Get Psyched Club participated in a Mental Health Fair at Bristol Central in February as part of PS I Love You Day. Members of the group assisted the School Psychologists in developing activities, creating posters, advertising the event and volunteering at the event. Get Psyched also had a booth set up to assist students in learning more about mental health and how to take care of yourself. The club members assisted with setting up the event the night before and breaking down the event at the end of the day. The club will also run events during mental health awareness month in May. We will have share mental health facts and resources in the morning announcements, set up activities during the lunch waves and develop other activities to spread awareness.

(Please attach additional pages as necessary)	Central CT Kidz (CTCTKIDZ) is a community service youth group serving participants from age 3 thru college. The group volunteers at numerous events throughout central Connecticut, encouraging young people to actively engage in meaningful service within their communities. Youth members participate in a wide range of service projects, including ringing bells for Salvation Army, hosting bottle & can drives, holding calendar raffles for non profit groups, making care packages for deployed military members, food drives, and providing gifts and support to local families during the holidays. They also create cards for veterans, active military and nursing home residents, color placemats for annual soup night, collect and distribute school supplies to those in need and prepare sandwiches for individuals experiencing homelessness. They all work together, with our oldest being mentors to our littles. There is a job for everyone. Hopefully when these individuals grow up they will continue to volunteer in their communities, as there is always a need.

(Please attach additional pages as necessary)	2026 YOUTH GROUP LEADERSHIP AWARD NOMINATION KIDS IN THE MIDDLE CHIPPENS HILL MIDDLE SCHOOL WEST BRISTOL MIDDLE SCHOOL BRISTOL EASTERN HIGH SCHOOL ALUMNI BRISTOL CENTRAL HIGH SCHOOL CENTRAL CONNECTICUT STATE UNIVERSITY It is with great pleasure and honor that I nominate the Kids in the Middle Program (KIM) for Youth Service Recognition. Kids in the Middle Students from Chippens Hill Middle School, West Bristol School and KIM Alumni from Bristol Eastern High School, Bristol Central High School & Central Connecticut State University have demonstrated outstanding efforts in providing support to both their schools & Bristol Community. Our students are a true testament to

the power of kindness. These students are an inspiration to other students and role models for the Bristol Community as a whole.

KIM Students have participated in a variety of community activities designed to promote the concept of rising by lifting others. During the time frame of March 2025 - February 2026, the Kids in the Middle program has assisted with numerous community events within Bristol. Students have supported the Bristol Public Library, Bristol Veterans Council, Ed Beardsley Challengers Program, Ingraham Manor, Brian's Angels, St. Vincent De Paul, Giamatti Little League & the United Way of West Central Connecticut.

Over the course of the past year, Kids in the Middle Students have built new connections & relationships with the residents housed in Ingraham Manor. We regularly attend craft nights & bingo events held in the dining hall. It is heartwarming to see these relationships forming and growing as both residents and students look forward to these special interactions.

Many of our KIM Students had the opportunity to participate in the Ed Beardsley Challengers Basketball & Baseball Program and assist both students & adults with special needs. They met weekly from April 2025 - June 2025 & September 2025 - December 2025 to serve as buddies to a "Challenger". It was wonderful to see our students foster new connections and many pick right back up with the old from last year. Some of these students have been building friendships for over 7 years now. Throughout the Challenger Season, our KIM Students always display commitment, patience & kindness. They are greatly looking forward to mid April when we will rejoin them again to volunteer for the Challengers Baseball Program and participate in the State wide Challengers Family Fun Day at the Giamatti Fields.

This year marked our program's second opportunity to assist Brian's Angels. Several students met at Chippens Hill Middle School to make sandwiches to be served for the meal train. They assembled PB&J's and Turkey & Cheese sandwiches, attached cheerful motivational messages and learned about the impact of Brian's Angels on our Bristol Community.

Our good deeds not only extend to our Bristol Community, they impact our own Bristol School Community. KIM Students at Chippens Hill Middle School often serve in the capacity of guides during conferences & open houses, man fundraising & informational tables and assist administration & myself with a variety of in-house service projects. Our yearly tradition is to design, sort & stuff family feast boxes for all the bounty of Thanksgiving foods & the turkey collected to support our school community families in need.

KIM Students have provided volunteer support to numerous PTO functions at West Bristol School including, bake sales, family bingo nights, the Bunny Breakfast, end of the year family fun days, child care services and many more. We have been called upon to provide volunteers to staff holiday events at Southside School and are eager to volunteer at their 5th grade night in June.

We are currently collaborating on various ways to incorporate our volunteer efforts into the therapeutic nature of Shepard Meadows and will begin our first venture in the Spring.

Thank you again for the opportunity to nominate our program. The Kids in the Middle Program provides our youth with an opportunity to connect with peers, while making a difference volunteering throughout the Bristol Community and within their own school community. I am inspired by my KIM students everyday and so proud of their motivation to be the good in the world. Despite the full schedules they juggle, they remain constant in their desire to give back. They take pride in their good works and they truly are all "Volunteers with Heart". Their positive energy is indeed felt community wide and their warmth is contagious. Kids in the Middle Students stand tall, as the leaders of tomorrow and the hope for our future.
