Proposed drainage improvements to Page Park Pond were pointed out including the removal of the existing spillway and construction of a new spillway. Page Park Pond maintenance access and current access modifications were discussed. Wall removal and deck renovations to the pavilion as well as the great lawn area were pointed out. Downstream of the pond, wetlands to be disturbed and mitigation area were observed as well as the proposed watercourse relocation area. The site conditions were observed including wetland flag locations along the watercourse.

Meeting adjourned at approximately 8:26 AM.
