RE: January Monthly Traffic Division Statistic Report

Special Details:

During the month of January, the Traffic Division assisted with two Covid test kit distributions at the Bristol Fire Department, Engine 4. The test kit distributions occurred on January 4, 2022, and January 8, 2022. The Traffic Division in conjunction with the Public Works Building Maintenance Division set up a traffic cone pattern for motorists to follow. The electronic message signs were deployed to alert motorists to the distribution site and the Traffic Division checked driver's licenses to ensure the recipients of the test kits were City of Bristol residents.

On January 5, 2022, there was an ice storm that caused a large amount of motor vehicle accidents to occur during the morning commute. The Traffic Division assisted the Patrol Division in handling the motor vehicle accidents in order to not only decrease the response time but also to check on potential injuries and clearance of roadways.

Traffic Concerns:

Summer Street: A complaint was called into the Traffic Division regarding continuous parking on the bend in the road of lower Summer Street near Main Street. This area is a "No Parking" zone and causes line of sight issues for motorists traveling north or south on Summer Street. Officers in the Traffic Division responded to the area and issued parking tickets for the violations. Additionally, it was determined that one such vehicle had a misuse of license plate and that vehicle was parked in a "No Parking" zone. The current registered owner was not able to be identified and the vehicle was towed from the scene after the license plates were seized based on the misuse of registration. The complainant was notified of the results.

Hill Street: A complaint was received by the Traffic Division regarding a black Ford pickup truck. The complainant provided the license plate and requested assistance in curbing the operator's driving behaviors. The complainant said the operator of the vehicle typically passes out vehicles, tailgates and drives on the wrong side of the roadway. Members of the Traffic Division responded to the owner of the vehicle's residence and informed them of the complaint. The owner of the vehicle was receptive to the information and since then there have been no additional complaints. The complainant was notified of the results.

Wrecker Inspections/Complaints:

1. Auto Star/Elite Collision: The investigation continues into Auto Star and Elite Collision. During the month of January, investigators finished compiling paperwork necessary for the investigation. Investigators still need to conduct interviews of the owner(s) before concluding the investigation.
2. Skytop Motors: Traffic Division Officers assisted the Department of Motor Vehicle with handling a wrecker violation that occurred on the state highway involving this company. While on scene, they also addressed an inquiry from an insurance company regarding Skytop Motors' charges for storage and labor on an unrelated nonconsensual tow. The owner of Skytop Motors was cited for minor violations by the Department of Motor Vehicle.

Motor Vehicle Accident Review:

Upon reviewing the pedestrian involved motor vehicle accidents with the State of Connecticut, it showed that the City of Bristol did not have any increase in these types of accidents over the last few years. Upon reviewing each incident, it did not indicate a need for infrastructure improvement such as lighting, crosswalks, or adding signalization to crosswalks.

Overall Enforcement:

Motor Vehicle Stops: 60
Arrests: 5
Infractions: 16
Written Warnings: 39

Serious Traffic Accidents:

The Traffic Division is currently investigating four serious/fatal motor vehicle accidents.

Case #21-24371: 7/21/21- This is a fatal accident involving a motor vehicle and motorcycle on Peck Lane. The investigation is in the final phase and all documentation is anticipated to be completed by the end of February.

Case #21-35739: 10/16/21- This was a serious accident involving a motor vehicle and motorcycle which occurred at the intersection of Stafford Avenue and Stevens Street. The investigating officer compiled all necessary documentation and determined the motorcycle operator was at fault for the accident. An arrest warrant was submitted to court for the motorcycle operator during the month of January.

Case #22-774: 1/7/22- This was a fatal motor vehicle accident involving two vehicles traveling south on Middle Street. The investigating officer is in the process of performing vehicle inspections and awaiting medical examiner's results. This investigation is in its initial phases of documentation and will continue over the next few months.

This investigation is in the initial phase and will continue over the next few months.

A NEMS Tiger R.O.A.R.S.

Daniel J. Sonstrom, *Principal*

Lea McCabe, *Dean of Students*

February 3, 2022

Dear Chief Gould,

I am writing this letter today to express gratitude from the entire Northeast Middle School community for allowing Officer Matthew Godbout to be our School Resource Officer for the past year and a half. Officer Matt has been an invaluable asset to our Tiger community and we will miss him greatly as he moves to his new position. I have personally known Matt for 15 years, as he was a student in my sophomore Modern American History class at Bristol Central High School. It has been a sincere pleasure to be able to work with him now as an adult.

Matt is an SRO that really leans into the "Resource" aspect of his job title. He is always there to support students, whether that be for a serious conversation, a light hearted joke, or a friendly game of basketball. Students appreciate his positivity, honesty, and relatability. He has been an integral part of our student support team and we will miss him dearly.

While we are happy that Matt will be taking on a role he has worked so hard for, we will not easily be able to fill the hole he leaves behind. Twelve years ago, when he was a high school senior, I wrote Matt a letter of recommendation. In it I wrote, "Matt clearly loves to be part of a team and is willing to help his team in any way that he can." This statement, though written about his time on the field and on the court at BCHS, still rings true today. Matt is above all a team player, always willing to lend a hand and never shies away from putting in the time. I can think of no better quality and I know that your detective squad will be better for it. I am so proud of the man that he has become.

I wrote 12 years ago that, "Matt is certainly a student that sticks with you even after he leaves your classroom." He has made an indelible impact on the lives of our students. Just as he has "stuck" with me, I know his impact will stick with the students as well. For many of them, he became the adult in the building that they could go to when they needed someone to talk to. He became the big brother or father figure so many students needed. He connected with them over video games, sports, and favorite foods. Matt has made an impact that will not soon be forgotten. Thank you for allowing him to be a part of our school community. We wish him the best of luck in his endeavors and know that the greater Bristol community will be well served.

Sincerely,

Good morning Sir,

I hope this finds you and your family well. I would like to take the time to commend the above 2 officers. Not because I am retired from BPD but because they deserve it.

At about 230 am on Wed the 19th my wife called for an ambulance for me. Not to go into it but I was in a bad situation. Difficulty breathing and severe chest pains. Officer Dcasta arrived and began giving me O2 and assuring me I was going to be ok and he wasnt gonna "let anything happen". Sgt Obrien arrived and did his best to keep Robin calm during all this. During this they never left my side and continued to try and calm me down and assure me they "had me". When the ambulance arrived they helped get me to the ambulance and Obrien even cracked jokes to ease my tension. Dcasta even moved my wifes car so that she wouldnt have to leave me.

Chief, its not a thing of me being an ex cop. To me they were very proffesional with the care they gave me and the reassurance that they had me. I have been there and done that and as a patient it is so reassuring for a calm voice. Id like you to please pass on my thanks to them as it made a big differance to me. Also to the dispatcher who im not sure of but they kept assuring Robin and kept her calmer than she was when she called. Also please to Lt Lennon who called Robin in the morning to check in on me and to offer any help if needed Thank you again and be safe Kindest regards, Chris Michaud

Officer name or number:	Officer J. Parracino
Case number:	<i>Field not completed.</i>
Date & time:	1/31/2022 4:45 PM
Detail what happened:	Officers Parracino & Pirog responded to W. Ahmed's home off Main St in Bristol after a call was placed at 4:43 p.m. after the youth ran off during his discharge from our inpatient facility and family session handing him off to his new IICAPS team. Officer Pirog maintained a consistent style of positive and therapeutically minded engagement with the family, providers, and the youth upon her return. Though he had been involved in previous incidents with this youth, he maintained a level of optimism and professionalism which allowed for a thoughtful plan to be developed ensuring the youth could remain home and safe. He used this former knowledge and positive

relationship to allow for important conversations around safety improved familial communication to transpire. He spent time with Office Pirog and the youth while all the providers & the mother met in the house to ensure the environment was safe for the youth and able to support him continuing to remain home. Had Officer Parracino not engaged in the manner he did, this situation could have resulted in a notably different outcome. This evening was particularly cold, but despite the unfavorable conditions, he remained steadfast in his support for a successful outcome. The Solnit South clinical team is incredibly grateful for his presence and support. Officer Parracino's therapeutically minded style of intervention supported a positive outcome and we are incredibly thankful.
