Thank you for the update! I have my fingers crossed this will make a huge difference.

Unfortunately I have a playground ribbon cutting followed by an Arts and Culture meeting tonight, so I will be missing the chamber dinner.

Hopefully there will be another time for us to catch up.

Cheryl

I'm in town this week and will be at the chamber dinner tomorrow.

Happy to talk more as needed if your in attendance

Taking Christine as my guest of honor. Haha.

Both units are off line for three days during this annual second outage. The other work is in progress on Thur. Next 8 days will be with only one unit running during the scheduled outage.

More to come after completion and outside tested for safety

Good afternoon,

Just checking in to see if the work is underway.

Thank you,
Cheryl

They are putting on new air ducks for our air fans on our stack. This is designed to break up the air intake and change the air floor on the inlet. This should break up the harmonics between both fans running at high speed.

Excellent, can you elaborate a little more on what is involved?

Much appreciated.

Cheryl

Good morning Mark,

Hope this email finds you well.

Would you be able to give me any updates since your last communication?

Many thanks,
Cheryl Thibeault
