RE: June Monthly Traffic Division Statistic Report

Traffic Officer Assignments:

The Traffic Division officers are tasked with the daily maintenance of the fleet, child car seat installations as well as assisting other divisions within the police department and throughout the city.

Traffic Complaints:

Officers have been conducting enforcement at various locations within the city for speeding and areas with higher crashes are being targeted through enforcement of speed and other violations to decrease crashes with the intention of making our roadways safer. By utilizing the UCONN crash repository crash heat map, known speeding and red light violation hot spots, the officers are tailoring their enforcement activities.

Traffic Division Assignments:

Officers from the Traffic Division participated in numerous events in May.

- Assisted with the funeral for Connecticut State Police Trooper, TFC Aaron Pelletier, which required hours long road closures in downtown Southington
- Two officers were sent to an in-person phlebotomy course, one being in the Traffic Division. This course was partially online and then a week long in-person course. This method appears to be moving towards the new standard when it comes to DUI investigation.
 - The officers each had to make approximately 100 needle sticks to a human before they were signed off as having completed the course.

Serious/Fatal Traffic Crashes:

Open Cases:

1. Case #23-42475 (11/23/23) – On Thanksgiving, a westbound vehicle had just left their gathering in Farmington. As they were nearing the Bristol town line, for an unknown reason at this time, the driver failed to negotiate a curve as the roadway entered Bristol. The vehicle struck several trees/brush and a rock before coming to a final rest against a tree. First responders arrived on scene, where the parents of three young children were pronounced dead at the scene. The children were extricated from the vehicle and sent to area hospitals for their injuries. This case is currently under supervisor review.
2. Case #24-610 (1/5/24) – A vehicle was exiting a restaurant's parking lot, which was then struck by a southbound vehicle on Middle Street, who had the right of way. This investigation was initially investigated by the patrol division. On 1/19/24, the original investigator was notified that the passenger of the vehicle exiting the parking lot was not expected to survive and succumbed to

his injuries on 1/19/24. Search warrants have been drafted, signed and served to investigate the vehicles involved in this crash. The crash is currently under investigation.

3. Case #24-4395 (2/1/24) – A woman was jogging along Middle Street, who proceeded to cross the street towards Lake Avenue during the night time hours. As she was crossing, she was struck by a female driver who was southbound on Middle Street. The driver remained on the scene and is cooperating with the investigation. This crash is currently under investigation.
4. Case #24-7525 (2/24/24) – A motorcycle struck a vehicle that was exiting a gas station parking lot. The motorcycle rider was seriously injured and flew by Life Star to an area hospital. As of this writing, he remains hospitalized for his injuries. This crash is currently under investigation.
5. Case #24-8574 (3/3/24) – A vehicle was traveling northbound on West Street in the area of Gridley Street. As the vehicle approached a crosswalk by Gridley Street, a male in a motorized scooter was struck by the northbound vehicle. The patrol division responded to the scene and secured it. The male from the scooter was transported to an area hospital to be evaluated. After some time, hospital staff stated that his injuries were not life threatening. On 3/16/24, we were notified that the male had passed away. An autopsy was completed and the initial results were inconclusive. This crash was reassigned to the traffic division, who is actively continuing the investigation.
6. Case #24-13707 (4/11/24) – A patron left a bar and walked out into the middle of Pine Street, where he proceeded to yell at the establishment. As he walked back towards the sidewalk, he was struck by an eastbound vehicle. The vehicle then fled to the highway, where it left the roadway and struck a guardrail. New Britain police, as well as CT State Police responded, who ultimately arrested the driver for DUI and other motor vehicle charges. We are currently investigating the hit and run portion of this incident.
7. Case #24-21800 (6/9/24) – An eastbound moped failed to negotiate a curve on Riverside Avenue, east of East Road and fell over. The rider was seriously injured and transported to an area hospital where the rider remained hospitalized for several weeks. The rider has since been released from the hospital. This crash is currently under investigation.
8. Case #24-24025 (6/24/24) – An eastbound vehicle struck two pedestrians that were attempting to cross Pine Street near Emmett Street. Both pedestrians died as a result from this crash. This crash is currently in the initial phases of the investigation.

Traffic Division Administration:

I am still seeking an encroachment permit with the State of Connecticut DOT. I have abandoned my attempt of working with the utilities, as their process was too slow. The DOT has authorized me to utilize a 4x4 to mount our radar sign within their right of way and I am completing paperwork for this.

Update for citizen concerns regarding 89/91 View Street

I have reviewed body camera footage from officers addressing complaints at 89/91 View Street as well as videos from complainants that filmed this address so I could properly report on concerns at this location.

Case # 24-19569 was a Cruelty to Animals Complaint filed on 5-23-24. Officers were on the scene for approximately 21 minutes before the tenant opened the door. The tenant had a Husky with him, which was then put into the apartment. At the top of the stairs was one empty crate inside the hall. The officer partially looked out onto the porch. There were numerous items on the porch including two visible crates (one was operational), a power washer, and baby gate fencing. There was also a Husky-type puppy on the porch. I did not see any urine or feces piled on the porch.

I also viewed the video emailed to the department regarding alleged abuse. The video was from the nighttime hours, so it was hard to make things out. A dog could be heard whining, but at no point on the video was the dog visible, nor did it show the person on the porch beating the dog(s). This was only narrated by the person recording. The resident at 89/91 View Street bent over and picked up something before casually walking back inside the residence from the porch. The dog was still making the same noise until the video ended.

Case # 24-23261 was a Disturbance Call on 6-18-24. In this video I observed the officers met the tenant as he was coming back from a walk with his dogs. The tenant walked past the officers to the 2nd floor before they realized he was the party they wanted to speak with. The tenant had two Pitbulls with him. Once in the apartment, I saw a large bag of Pedigree dog food on the kitchen floor. The overall appearance of the apartment was fairly clean. In both videos, the dogs looked healthy.

On 06-13-24 I also received 2 complaints on my voicemail about this property. One complainant reported the dogs are never taken out, and spend all their time in the apartment or on the porch. A second caller within 30 minutes was complaining that the tenant does not clean up after the dogs when he takes them for walks.

Based upon the evidence provided, conflicting complaints, and a review of the body camera footage, I do not have probable cause to make an arrest for animal cruelty. The property in question is also a second-floor apartment with a knee wall, so the dogs are not visible from the curtilage of the street. The doors to the apartment are also locked at the bottom of the stairs, so we cannot knock on the interior doors. I have advised the complainants to continue to call in with new information, and if probable cause exists for an arrest to be made it will be.

The additional issues I was asked to address regarded breeding and an excessive number of dogs. I only observed 4 dogs in the videos, which falls within the City of Bristol Zoning Ordinance (2021 version) Section 5(a)(4)(e). Also, under new Connecticut laws, parties are also allowed to have 5 litters of puppies per year before a voluntary kennel license would apply.

Respectfully Submitted,

Raymond Zagurski

Re: Shrub Road – speed limit reduction

Police Commissioners,

Shrub Road is in the process of a road diet from the public works department. The Director of Public Works, Raymond Rogozinski, has asked me to consider reducing the 30 mph speed limit, as the road will be narrower with the addition of sidewalks and crosswalks.

I reached out to the UCONN T2 center, a resource we can use for guidance, for their opinion of preemptively lowering the speed limit for a project. They agreed and stated that the Federal Highway Administration have changed their way they create speed limits, moving away from the 85th percentile of travel speeds and moving towards a target speed of the area.

Recommendation:

Request to have Office of the State Traffic Administration evaluate the roadway to determine if lowering the speed limit to 25 mph would be appropriate for this project.
