RE: September Monthly Traffic Division Statistic Report

Traffic Officer Assignments:

The Traffic Division officers are tasked with the daily maintenance of the fleet, child car seat installations as well as assisting other divisions within the police department and throughout the city.

Traffic Complaints:

Officers have been conducting enforcement at various locations within the city for speeding and areas with higher crashes are being targeted through enforcement of speed and other violations to decrease crashes with the intention of making our roadways safer. By utilizing the UCONN crash repository crash heat map, known speeding and red light violation hot spots, the officers are tailoring their enforcement activities. Each week they are assigned three locations to focus their enforcement activities on. Each location is picked due to speed activity and crash history, which specifically lists at least one state road and a local road.

Traffic Division Assignments:

- Officers from the traffic division participated in the Color Dash 5k run, which benefits programming and memberships for underprivileged youth at the Bristol Boys and Girls Club.
- The traffic division has been working on fleet changeover, as new police vehicles are delivered to the police department. Staff works to move equipment over to the new vehicles to get the new vehicles online and old vehicles changed over to spare vehicles or vehicles are retired.
- An officer was assigned to the New Britain Police Academy to assist in the proper technique of motor vehicle stops and traffic control.
- At the end of September, Bristol held its annual Mum Festival. Officers from the traffic division assisted in road closures for the parade route.

Serious/Fatal Traffic Crashes:

Open Cases:

1. Case #24-610 (1/5/24) – A vehicle was exiting a restaurant’s parking lot, which was then struck by a southbound vehicle on Middle Street, who had the right of way. This investigation was initially investigated by the patrol division. On 1/19/24, the original investigator was notified that the passenger of the vehicle exiting the parking lot was not expected to survive and succumbed to his injuries on 1/19/24. Search warrants have been drafted, signed and served to investigate the vehicles involved in this crash. The crash is currently under supervisor review.
2. Case #24-4395 (2/1/24) – A woman was jogging along Middle Street, who proceeded to cross the street towards Lake Avenue during the night time hours. As she was crossing, she was struck by a female driver who was southbound on Middle Street. The driver remained on the scene and is cooperating with the investigation. This crash is currently under final supervisor review.
3. Case #24-7525 (2/24/24) – A motorcycle struck a vehicle that was exiting a gas station parking lot on Middle Street. The motorcycle rider was seriously injured and flew by Life Star to an area hospital. This crash is currently under investigation.
4. Case #24-8574 (3/3/24) – A vehicle was traveling northbound on West Street in the area of Gridley Street. As the vehicle approached a crosswalk by Gridley Street, a male in a motorized scooter was struck by the northbound vehicle. The patrol division responded to the scene and secured it. The male from the scooter was transported to an area hospital to be evaluated. After some time, hospital staff stated that his injuries were not life threatening. On 3/16/24, we were notified that the male had passed away. An autopsy was completed and the initial results were

inconclusive. This crash was reassigned to the traffic division. This case is currently under supervisor review.

5. Case #24-13707 (4/11/24) – A patron left a bar and walked out into the middle of Pine Street, where he proceeded to yell at the establishment. As he walked back towards the sidewalk, he was struck by an eastbound vehicle. The vehicle then fled to the highway, where it left the roadway and struck a guardrail. New Britain police, as well as CT State Police responded, who ultimately arrested the driver for DUI and other motor vehicle charges. We are currently investigating the hit and run portion of this incident.
6. Case #24-21800 (6/9/24) – An eastbound moped failed to negotiate a curve on Riverside Avenue, east of East Road and fell over. The rider was seriously injured and transported to an area hospital where the rider remained hospitalized for several weeks. The rider has since been released from the hospital. This crash is currently under final supervisor review and an arrest warrant has been issued for the operator.
7. Case #24-24025 (6/24/24) – An eastbound vehicle struck two pedestrians that were attempting to cross Pine Street near Emmett Street. Both pedestrians died as a result from this crash. This crash is currently under investigation.

Closed cases:

1. Case #23-42475 (11/23/23) – On Thanksgiving, a westbound vehicle had just left their gathering in Farmington. As they were nearing the Bristol town line, for an unknown reason at this time, the driver failed to negotiate a curve as the roadway entered Bristol. The vehicle struck several trees/brush and a rock before coming to a final rest against a tree. First responders arrived on scene, where the parents of three young children were pronounced dead at the scene. The children were extricated from the vehicle and sent to area hospitals for their injuries. This case has been closed and no enforcement action is being taken.

Subject: Thank you

Chief Morello, Acting Superintendent White, Principal Higgins,

Good Morning. My name is Theresa Cirillo-Vernaglia. My children, ages 15 and 11 attend BEHS and NEMS, here in Bristol. I wanted to take a moment this morning to send you all my heartfelt “thank you” in how you are handling the most recent potential threat to our local high schools, and students.

As the daughter of a retired law enforcement officer, I understand threats are made daily. As a therapist, I understand we are living in an extremely challenging society, where people of all ages are struggling with both diagnoses and undiagnosed mental health issues. And then we add to the mix that our children are at ages where they are trying to figure out who they are, and how they fit in.

Mr. Higgins, thank you for your Parent Square messages/updates. They are appreciated more than you can ever imagine. I am sure it is not always convenient or easy to send during the day, but are so helpful to parents!

Chief Morello, thank you for the SRO's in the schools. It is a comfort to parents for our students to have “extra” protection when they are not with their parents. School security officers are wonderful don't get me wrong! But, SRO's are building positive relationships with students that can last a lifetime. If there is ever anything that I can do personally to help get an SRO at NEMS, please do not hesitate to reach out to me.

And to all three—thank you for your tireless collaboration on this threat. I will be frank. My wife and I were going to keep our 15 year old home today. She was terrified to go to school after seeing the posts on social media; and she doesn't frighten easily! Thank you all for putting our, and our children's minds at ease that you are all working to get to the bottom of this.

Most Sincerely,

Theresa Cirillo-Vernaglia

Subject: RE: BOLO (Ashley Marrero)

To All Sworn,

I wanted to thank all the officers involved in the arrest of Ashley Marrero and Mark Pawlicki (case #24-39191). I believe this shows how we can make a difference when we all work together. For those who are unaware the following was seized during this incident:

98 grams of powder cocaine
44 grams of crack/cocaine
4 grams of raw fentanyl
14 Adderall pills
42 wax folds of fentanyl
13 MDMA pills

Total value of approximately 12,000 in street value

This would be a great arrest in any major city across the country let alone in a department of our size. This case started with two separate controlled narcotics purchases (24-34624 and 24-31073) and ended with the biggest narcotics seizure during a traffic stop in Bristol that I have seen in a real long time.

Thank you to all of the officers involved.

Respectfully,

Adam Quinn

Re: Modification of speed limits with OSTA – Matthews Street

Sir,

A request was made in September, 2024 by Joanne Guimond of 998 Matthews Street, asking that Matthews Street have its speed limit modified to be consistent with the section of Matthews Street from Hill Street to Terryville Avenue, which is a 25 mph limit. West of Hill Street to the Plymouth town line, the speed limit increases to a 35 mph limit.

I reviewed the Office of the State Traffic Authority's (OSTA) list of approved speed limits in Bristol, which confirmed that Matthews Street of having two sets of speed limits on the same roadway, which now are effectively more established residential and school zone areas, containing a railroad crossing, having similar or equal roadway widths, turns and elevation changes. The Town of Plymouth does not have an OSTA established speed limit on their section of Matthews Street.

While reviewing information on OTSA's website, I found that, EFFECTIVE OCTOBER 1, 2021, Pursuant to Public Act 21-28, the Local Traffic Authority of any town, city or borough may establish, modify and maintain speed limits on all local streets, highways and bridges or in any parking area for ten cars or more or on any private road wholly within the municipality under its jurisdiction, without approval from OSTA, subject to certain requirements; one of these requirements being an **engineering study**.

CGS 14-218a, as revised, requires municipalities to inform OSTA of their permission and intent to establish and modify speed limits for all local roads within their municipality, after engineering studies have been conducted. I have not sought such permission. In fact, as of 2023, I am aware that only three cities or towns in Connecticut have taken on that responsibility and removed OSTA from the process of establishing and approving speed limits for municipalities. This being said, the State will take on the responsibility and costs associated with an engineering investigation and approve a speed limit appropriate for the area and consider my recommendation.

I am seeking permission from the Board of Police Commissioners to request OSTA to conduct an engineering investigation of this roadway, requesting a 25mph speed limit for the entire length of Matthews Street.

Thank you,

Lieutenant Patrick Krajewski
Traffic Commander
