

**INLAND WETLANDS & WATERCOURSES AGENCY
OF THE CONSERVATION COMMISSION OF THE CITY OF BRISTOL
MINUTES
REGULAR MEETING OF MONDAY, SEPTEMBER 9, 2024**

By: Chairman Fisk Time: 6:30 P.M. Place: City Hall
Council Chambers
111 North Main St.
First Floor

Chairman Fisk called the meeting to order at 6:00 P.M.

MEMBERS	NAME:	PRESENT	ABSENT
REGULAR MEMBERS	Zachary Fisk (Chairman)	X	
	Michael Robinson (Vice Chairman)	X	
	David Rooks (Secretary)	X	
	James Carros	X	
	Daniel Massaro, Jr.	X	
	James Ritchie	X	
	Faye Duquette	X	
ALTERNATE MEMBERS	Greg Klimek	X	
	Laura Valentino		X
STAFF	Raymond Rogozinski, P.E., Director of Public Works	X	

1. Pledge of Allegiance
2. Introductions and Seating of Alternate Commissioners

Chairman Fisk designated regular Commissioners Duquette, Robinson, Carros, Massaro, Ritchie, Rooks and Fisk as voting members tonight.

3. Public Participation (Non-Pending Applications)

There was no public participation.

4. Acceptance of Minutes
 - a. Special Meeting – August 12, 2024
 - b. On-Site Meeting – August 26, 2024

MOTION: Move to approve the minutes of the August 12, 2024, regular meeting.

By: Robinson

Seconded: Massaro

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

MOTION: Move to approve the minutes of the August 26, 2024, onsite meeting.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

6. Public Hearings

- a. Application #2034 – Wetlands application to construct a wetland crossing (access bridge) to rear of property and construction in the upland review area of two dwelling units as part of a greater Open Space Development consisting of 16 dwelling units at 260 Perkins Street and Rear Lot; Assessor's Map 60, Lots 12-5 & 11 (Rear Lot); P&B Properties LLC, applicant

The Commission received the following items in their electronic packets:

- a. application form
- b. mapping: locator map, aerial, and wetlands map (3 pages)
- c. narrative
- d. email regarding sign posting requirements (2 pages)
- e. memo from Ray Rogozinski dated September 4, 2024 (3 pages)
- f. memo: Ray Rogozinski (4 pages)
- g. site plan set (12 pages)
- h. environmental evaluation (20 pages)
- i. DEEP preliminary site assessment (3 pages)
- j. stormwater management report (11 pages)
- k. drainage area maps (4 pages)
- l. watercourse analysis 1% annual exceedance probability (link to file, 10 pages)
- m. drainage area maps (4 pages)
- n. geotechnical report (link to file, 22 pages)
- o. stormwater management plan (4 pages)

The following item(s) were submitted into the record: a letter from Attorney Timothy Furey dated September 9, 2024.

Raymond Rogozinski, Director of Public Works, stated the city notified the applicant that the city reviewed the public hearing signs and determined they were installed based on Inland Wetland regulations. The Inland Wetlands regulation states signs shall be posted within 5 feet from the street line. The sign was not installed within the inland/wetland regulation. He also read into the record a letter he received from Attorney Furey stating the clients have chosen to withdraw the application with the intention of refiling in the future and would have full statutory timeframe in which to work.

MOTION: Move to withdraw Application #2034.

By: Robinson

Seconded: Rooks

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application is withdrawn.

- b. Application #2035 – Wetlands application to modify previous Wetlands Permit #1964 to install utilities to Lot 2 through a 20’x40’ trench and restoration at 175 Southdown Drive & 1936 Perkins Street, Assessor’s Map 58, Lots 16-1-2 & 16-1I; LED, LLC, applicant.

The Commission received the following items in their electronic packets:

- a. application form
- b. mapping: locator map, aerial, and wetlands map (4 pages)
- c. link to previous IWWC application file #1964 (301 pages)
- d. site plan (1 page)

The Commission received the following items in their electronic packets:

MOTION: to open the Public Hearing

By: Robinson

Seconded: Rooks

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The Public Hearing is open.

Attorney James Ziogas, 104 Bellevue Ave, stated that this application was previously approved to insert a sleeve under the wetlands for installation of utilities, however, it has been determined that this process does not work and we are looking to modify the application. There will be a trench 20 x 40 ft. with 740 ft. of disturbance. There will be four different sleeves to accommodate the utilities and then the disturbed area will be restored. This should be done within two to four days.

Ed D’Amato, D’Amato Construction, 10 Main Street, stated that the electrical conduit will be installed. A water sleeve SDR35 will be installed which has a 50–100-year life span. It should take about a week to complete the job. We will be prepared in the event of a rain event with either creating a swale or back fill.

MOTION: Move to close the public hearing.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.
Abstained: None.

The public hearing is closed.

MOTION: Move to approve Application #2035 – Wetlands application to modify previous Wetlands Permit #1964 to install utilities to Lot 2 through a 20'x40' trench and restoration at 175 Southdown Drive & 1936 Perkins Street, Assessor's Map 58, Lots 16-1-2 & 16-1I; LED, LLC, applicant, in accordance with the plot plan and information submitted with standard stipulations. The stipulation that the applicant notify the City Inland Wetland Enforcement Officer within 48 hours before activity to be inspected.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application is approved.

Raymond Rogozinski, Public Works Director, stated that this is a critical application, and we ask that the applicant notifies the city inland wetland officer 48 hours before activity so he can inspect it.

7. New Applications

- b. Application #2037 – Wetlands application for construction of a new single-family home at Old Wolcott Road, Lot 46-5; Assessor's Map 7, Lot 46-5; Lorina Dematteis, applicant.

The Commission received the following items in their electronic packets:

- a. application form
- b. mapping: locator map, aerial, and wetlands map (3 pages)
- c. plan

MOTION: Move to receive Application #2037.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application is received.

Raymond Rogozinski, Director of Public Works, stated that the first question the commission will ask is if it is a significant activity with respect to the wetlands. If determined it is, they will schedule a public hearing.

Lorina Dematteis, 115 Old Wolcott Rd, explained that the lot has been sold and the new owner will be building a new house on it.

Chairman Zachary Fisk asked if this is within 100 ft. of the wetland or watercourse.

Alan Morelli, Quality Contracting, 17 Jacqueline Dr., Wolcott, representing the applicant addressed the Commission regarding the new home and that it is not near the wetlands. It is over the 100 ft. of the wetlands.

Raymond Rogozinski, Public Works Director, stated that the issues is that by city designated wetlands, the activity is within 100 ft. of wetlands by the current maps.

MOTION: Move to declare Application a non-significant activity.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application was declared a non-significant activity.

The hearing is closed.

MOTION: Move to approve Application #2037 – Wetlands application for construction of a new single-family home at Old Wolcott Road, Lot 46-5; Assessor's Map 7, Lot 46-5; Lorina Dematteis, applicant, in accordance with the plot plan and information submitted with standard stipulations.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application is approved.

- c. Application #2038 – Wetlands application for construction of a new 16' x 32' pool, electric heat pump and safety fence with gate at 632 Village Street; Assessor's Map 1, Lot 36; Sean O'Neill, applicant.

The Commission received the following items in their electronic packets:

- a. application form
- b. narrative (3 pages)
- c. letter of authorization
- d. mapping: locator map, aerial, and wetlands map (3 pages)
- e. plan

MOTION: Move to receive Application #2038.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.
Abstained: None.

The application is received.

Sean O'Neill, 632 Village St., applicant, stated he is represented by Danielle Levasseur to discuss the project.

Danielle Levasseur of Juliano's Pools, Inc., 321 Talcottville Rd., Vernon, representing the applicant, stated the application is for a 16 x 32 rectangular pool in the upland review area.

Raymond Rogozinski, Director of Public Works, stated that the critical component is to confirm the excess material would be moved offsite.

Danielle Levasseur of Juliano's Pools, Inc., 321 Talcottville Rd., Vernon, stated the material will be removed and clean fill will be brought in.

MOTION: Move to declare Application #2038 a non-significant activity.

By: Robinson Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application was declared a non-significant activity.

MOTION: Move to approve Application #2038 – Wetlands application for construction of a new 16' x 32' pool, electric heat pump and safety fence with gate at 632 Village Street; Assessor's Map 1, Lot 36; Sean O'Neill, applicant, in accordance with the plot plan and information submitted with standard stipulations and all material be removed from the site.

By: Robinson Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application is approved.

- d. Application #2039 – Wetlands application for removal of an existing 16' x 18' wooden deck and replace with an 18' x 20' bedroom at 36 Anthony Drive; Assessor's Map 46, Lot 25; Paul Coombs, applicant.
 - a. application form
 - b. mapping: locator map, aerial, and wetlands map (3 pages)
 - c. plan

MOTION: Move to receive Application #2039.

By: Robinson Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application is received.

Frank Van Linter, 90 Belgian Circle, representing the applicant, stated the owner is looking to remove the existing deck to add a first-floor master bedroom suite so that as they get older, they are able to stay in their home. There will not be a foundation, just a crawl space that will allow plumbing under it. There may be 30-35 yards of fill removed. The deck is almost grade level and the bedroom will be grade level. It is about 67 feet at its closest point of the wetlands.

MOTION: Move to declare Application #2039 a non-significant activity.

By: Robinson Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application was declared a non-significant activity.

MOTION: Move to approve Application #2039 – Wetlands application for removal of an existing 16' x 18' wooden deck and replace with an 18' x 20' bedroom at 36 Anthony Drive; Assessor's Map 46, Lot 25; Paul Coombs, applicant, in accordance with the plot plan and information submitted with standard stipulations and the dirt removed and not what is used will be removed from the site.

By: Robinson Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application is approved.

- e. Application #2040 – Wetlands application for construction of a new mixed-use commercial development at 37 Main Street; Assessor's Map 30, Lot 61+61-1/+61-3; Gold Coast Properties, LLC, applicant.
 - a. application form
 - b. mapping: locator map, aerial, and wetlands map (3 pages)
 - c. plan set (10 pages)
 - d. link to drainage report dated August 27, 2024 (85 pages)

MOTION: Move to receive Application #2040.

By: Robinson Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.
Abstained: None.

The application is received.

Attorney Ziogas, 104 Bellevue Ave, stated that this property is the Malfali Plaza that was destroyed by a fire and removed. The existing unnamed brook that runs through the property is open, encased by a concrete wall. We feel it is an insignificant activity because the amount of impervious surface will be reduced as well as the amount of water flow to the brook. There is no impact to the watercourse.

Raymond Rogozinski, Director of Public Works, the unnamed brook is not enclosed. It is work being done immediately adjacent to a brook and staff recommends it be declared a significant activity and a public hearing be scheduled accordingly.

Attorney Ziogas, 104 Bellevue Ave, stated that the distance from the building to the brook is about 22 feet.

Commissioner Robinson is concerned about the winter with snow pushed into that area with the salt, oil, antifreeze potential, it will all end up in the brook.

Attorney Ziogas, 104 Bellevue Ave, reviewed that drainage calculations for the 25-year storms. He talked about the reduction of the water flow once built. Subsurface storm drainage will be installed and it releases into the storm drain on North Main St. and returns to the brook. It will be the same path as the prior building, but there will be underground detention to reduce the flow, but eventually released back to the brook later.

MOTION: Move to declare Application #2040 a significant activity and set a public hearing for the October 7, 2024 meeting and schedule an onsite inspection on September 23, 2024 at 5:00 p.m. with a rain date of September 30, 2024 at 5:00 p.m.

By: Robinson

Seconded: Ritchie

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application was declared a significant activity.

Raymond Rogozinski, Director of Public Works, stated for the record, that he has reviewed the drainage report and staff does concur with the findings of the drainage report, in case next month there is a different staff member at the meeting.

- f. Application #2041 – Wetlands application for water solutions to back lots 6, 7 & 8 to eliminate water buildup as a result of previous approvals at 31 Royal Drive; Assessor's Map 64, Lot 8; Mel Maffei, applicant.
 - a. application form
 - b. mapping: locator map, aerial, and wetlands map (3 pages)
 - c. plan

Raymond Rogozinski, Public Works Director, stated that there is an application form along with a drawing submitted. The purpose of the application is to communicate to the commission what the proposed activity is.

MOTION: Move to receive Application #2041.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application is received.

Mel Maffei, 31 Royal Dr., representing the applicant addressed the Commission to follow up on a grading plan of his lot to address the water issues on the property. The water is flowing thru his yard is causing his neighbor a problem on lot 7. He is asking to create a swale and berm to have the water flow naturally to the back where it belongs.

Raymond Rogozinski, Director of Public Works, asked the applicant how much material is being brought in as the plan did not communicate this.

Mel Maffei, 31 Royal Dr., the contractor suggested 40 yards of material be brought in. The water coming in has caused some dips in the yard and would like to fill those in as well. The construction of the vertical swale is a 3-4-day job

Raymond Rogozinski, Director of Public Works, stated that staff is always concerned with grading of back yard in areas where we have had issues. Prior to approval, the commission should take a look at this.

Commissioner Robinson stated that at there at Tomasso property in the cul de sac there has been water issues there due to a storm drain that flood during significant rain. Another property across from that they took all the shrubbery out because the water was supposed to flow to the reservoir.

Commission Rook stated that the corner house brought material in, raised his back yard up and is climbing up the road. The first individual is the problem which caused issues to other properties.

Mel Maffei, 31 Royal Dr., stated that he has spent about \$12,000 into fixing the issues. This has been happening for two or three years. The water coming in around the back lawn and this berm swale will get it over to lot 7 and get it flowing naturally to the back of the properties to the storm drains.

Raymond Rogozinski, Director of Public Works, stated he strongly the commission do an onsite inspection.

MOTION: Move to declare Application #2041 a significant activity and set a public hearing for the October 7, 2024 meeting and schedule an onsite inspection for September 23, 2024 at 5:00 with a rain date of September 30, 2024 at 5:00 p.m.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application was declared a significant activity.

Raymond Rogozinski, Director of Public Works, stated that there will be an onsite scheduled, but it also means there needs to be a more developed plan.

Mel Maffei, 31 Royal Dr., stated that financially it would be very difficult for him as he already has spent \$12,000.00 as it is. If the feeling of the commission is that he needs to do an engineer drawing, he cannot go that far and will just walk away from the project. This has been going on since 2020 and he feels aggravation and this has been uncooperative in helping to fix. Another concern we are losing time, it has been a wet season, and equipment would have to go in there, and with the rain the equipment won't get in and it gets delayed until next year.

Chairman Fisk stated that these are requirement of the regulations and the complexity of the site requires a public hearing and onsite visit.

Raymond Rogozinski, Director of Public Works, stated that the onsite will have value to both the commission and the property owner.

- g. Application #2042 – Wetlands application for excavation and installation of 5' wide ADA compliant concrete sidewalks at Memorial Boulevard Park; Assessor's Map 30 & 30A, Lots 115 & 18; City of Bristol, Public Works Department, applicant.
 - a. application form
 - b. mapping: locator map, aerial, and wetlands map (3 pages)
 - c. plan set (3 pages)

Raymond Rogozinski, Director of Public Works, stated the applicant acknowledges it is a significant activity and the commissioner declare it a significant activity and schedule a public hearing.

MOTION: Move to receive Application #2042.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application is received.

MOTION: Move to declare Application #2042 a significant activity and set a public hearing for the October 7, 2024 meeting and schedule an onsite inspection for September 23, 2024 at 5:00p.m. with a rain date of September 30, 2024 at 5:00 p.m.

By: Robinson

Seconded: Carros

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.
Against: None.
Abstained: None.

The application was declared a significant activity.

8. New Business
None

9. Old Business
- a. Cease & Correct – 42 Paul Street
 - b. Letter from Towne Engineering, Inc. (2 pages)

Douglas Towne, 42 Paul St, stated that he hired an engineer and they are online to discuss the results.

Raymond Rogozinski, Director of Public Works, stated if the applicants engineer could summarize the report and his findings.

Mathew Maynard, P.E., Towne Engineering, Inc, stated he was hired by Douglas Town at 42 Paul Street to review the horseshoe pits he built on his property. He stated he reviewed the site, measurements, took photos, looked at the original sketch, and permits. At this time, Mr. Towne developed a trap rock and pea stone horseshoe pit in accordance with the permit. He stated that the resident added more material was used than the permit allowed, but felt there is no adverse effect to the neighborhood. He did not block any drainage pipes and did construct the horseshoe pit with the dimensions with what he got the permit for. He did not put any impervious surface, no concrete pads and not anything that will affect the wetlands or neighbors.

Raymond Rogozinski, Director of Public Works, stated he had no objections to the submitted report.

Randy Lindstrom, 216 Mark Street, spoke about the water damage to his home that he has spend thousands of dollars to repair. He has lived at this address for 27 years. After the initial digging, my cellar was flooded and lost the family room downstairs. He presented a zip drive of photos and videos of the water. He described the photos of the project. He stated that Doug asked him to sign a letter saying that it didn't affect his property, and I said I have red water on my property and my yard has been soggy since this has happened. My shed and gardens are all sinking and there are 4-inch perforated pipes under the horseshoe pit. There were two truckloads of fill brought in. He also said that Doug told him he bought 100 bags of red mulch and soil from Walmart. Also, not mentioned he also brought in a load of dust and put in patios and a full vegetable garden. The fence on my yard has sunk. There is a photo of a new trench dug since he was told to stop any work. I am petitioning the commissioner not to accept this report as reasonable. I am not hear to get him, but he has been nasty to me and tried to get me in trouble with the building department, it is harassment. He has sworn at me while my grandson was there. I have done nothing to him. I have had my cellar flooded, my yard ruined and spent \$20,000.00 in repairs. I just want the problem corrected.

Raymond Rogozinski, Director of Public Works, asked the engineer online to comment on this and whether he is familiar the pictures seen here.

Mathew Maynard, P.E., Towne Engineering, stated he somewhat recognized the area and has seen some of the pictures but they are hard to determine where they were taken.

Raymond Rogozinski, Director of Public Works, stated that staff recommends the commission to make the photos available to the property owner and his consultant the pictures as presented and request a supplemental report at the next meeting.

Daniel Strahowski, 253 Mark Street, stated that he is having the same issues with water as Randy. The water is flowing into my area as well. I have put enough money into my house as well. The photos show how deep he dug and the pipes he put it. This is diverting that water and is illegal. It was built just to get the water out of his yard and into ours. By looking at the pictures the elevation was definitely raised. We just want this to be done in a calm, reasonable fashion. We don't want anyone to spend any more money to fix this. We had a lot of rain and we get flash flooding in this area. I am not blaming Doug or anybody that this is the reason for the flash flood, this just made it so much worse for everybody.

Donna McNamara, 48 Paul Street, is speaking for her mother who owns 48 Paul Street. She is unable to in her yard as it is so wet, we are afraid, she will fall and get hurt. She lives in her yard; she gardens and cannot do this as the water pooling everywhere is too dangerous. She stated that she grew up in this house and have never had water like this until the work was done at Paul St. She is asking for some resolution to get this fixed. All we want is to get this resolved. We just want to have her enjoy her yard again. We couldn't believe another pit was dug in June before the engineer went in July because we understood there shouldn't be any work being done.

Raymond Rogozinski, Director of Public Works, state that the photos will be uploaded to the city website under engineering documents (Paul St. Photos) and if anyone has questions, they can contact him at Public Works directly.

MOTION: to make available the photos to the property owner and Towne Engineers to review and submit a supplemental report at next month's Inland Wetlands meeting.

By: Rooks

Seconded: Robinson

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The cease and correct is continued.

The report is filed.

Doug Towne, 42 Paul St, stated initially he was asked to hire an engineer to determine if I should remove the horseshoe pit or leave it. That was the direction of the board as I understood it. From his study he determined I should leave it as it was a benefit. What is my directive now?

Raymond Rogozinski, Director of Public Works, responded, that we have additional information that was presented to the commission at this session. Based on the testimony at this session, your engineer was unaware

of some of the photographs so the commission is asking your engineer, based on the new information to review the photos and submit to the commission.

Doug Towns, 42 Paul St, at the same time I was doing my project, Mr. Lindstrom was installing a new pool and was getting a permit after the fact. That was discussed on the walk thru of my yard and was not put into consideration how that would affect his basement water.

Commission Rooks, stated that is not the issue. The issue is you got a permit and did work over the permit was allowed to do. That is the issue here. We as commissioners have given you as much opportunity as you can to fix the problem. If you want to start to force us to do certain thing, we can easily tell you to remove everything and put back to the way it was. We are trying to work and plan with the neighbors and you. The property I care about is your property.

c. Cease & Correct – 465 Emmett Street

The Commission received the following items in their electronic packets:

- a. E-mail dated August 12, 2024, from Raymond Rogozinski, P.E., Director of Public Works, regarding 465 Emmett St. to Peter Plewa.
- b. Attached photo
- c. Attached map

The applicant was not present at the meeting.

MOTION: to postpone the Cease and Correct at 465 Emmett Street to the October 7, 2024 meeting and the applicant be present at the meeting.

By: Robinson

Seconded: Rooks

For: Duquette, Ritchie, Robinson, Carros, Massaro, Rooks and Fisk.

Against: None.

Abstained: None.

The application is postponed.

10. Staff Reports

- a. IWWC Report – August 2024

The Commission received the following items in their electronic packets:

- a. Inland Wetlands Enforcement Officers report dated August 30, 2024

MOTION Move to file the report.
