Passcode: 119848*

The regular Board of Public Works Meeting will be held on December 19, 2024, at 6:00 p.m.. in City Hall Council Chambers, 111 North Main Street, Bristol, Connecticut.

AGENDA

1. Call to Order
2. Approval of Minutes
 - a. November Draft Minutes
3. Public Participation
4. Employee Recognition
 - a. December Employee Anniversaries
5. Division Reports
 - a. November Division Reports
6. Bldg.Comm Project List
 - a. Bldg Project List
7. Engineering Project List

- a. Engineering Project List
- 8. Director's Report
 - a. Directors Report
- 9. Old Business
 - a. Redstone Hill Road
 - b. 2025 Amended Board of Public Works Meeting Schedule
- 10. New Business
 - a. DPW Leasing
 - b. Proposed Policy Property Addresses
 - c. Transfer Station Update
 - d. BPW Peter Court Road Accessway
 - e. Organic Pilot Collection Program
 - f. Board of Finance Request
 - g. Board of Finance Request
- 11. Any other matter to come before said meeting
- 12. Adjournment

PER ORDER OF THE CHAIRPERSON
Mayor Jeffrey Caggiano

City Of Bristol
Board of Public Works
Meeting Minutes for
November 21, 2024
With Zoom Access

Members Present: Council Member Jacqueline Olsen
Council Member Erick Rosengren
Commissioner Michael Dumas
Commissioner David Hartley
Commissioner Frank Stawski

Staff Present: Raymond Rogozinski, P.E., Director of Public Works

Absent: Mayor Jeffrey Caggiano

1. Call to Order

Council Member Jacqueline Olsen called the meeting to order at 6:00 p.m. There was a recitation of the Pledge of Allegiance.

2. Approval of Minutes

MOTION: Motion made by Commissioner Hartley and seconded by Commissioner Dumas. Motion passed.

MOTION: to move item 8f up on the agenda made by Commissioner Hartley and seconded by Commissioner Duma. Motion passed.

a. Bristol Hospital Easement

Raymond Rogozinski, P.E., Director of Public Works, reviewed the request from Bristol Hospital to modify existing storm drains and installation of a generator in the city's easement. DPW is asking that the hospital replace the existing pipe and connect to the city's existing pipes with concrete manholes to safeguard them.

MOTION: to approve the installation of ductile iron pipe over the easement with manhole structures on each side made by Commissioner Hartley and seconded by Council Member Rosengren. Motion Passed.

3. Employee Recognition

The employee anniversaries were reviewed

MOTION: to file made by Commissioner Dumas and seconded by Council Member Rosengren. Motion passed.

4. Public participation

None

5. Division Reports

Council Member Olsen asked that city council members be notified by email of the new residents in Bristol by district.

MOTION: to accept as presented and place on file made by Commissioner Hartley and seconded by Council Member Rosengren. Motion passed.

6. Public Works Project Schedule

MOTION: to accept as presented and place on file made by Council Member Rosengren and seconded by Commissioner Dumas. Motion passed.

7. Director's report

Raymond Rogozinski, P.E., Director of Public Works, reviewed his directors report.

The below items were reviewed:

Staffing- Department staffing was reviewed.

Hope Street Garage- The install pre cast is scheduled to start in November

Maple Court- Storm drain install will start this month, and is scheduled to be completed by Spring of 2025.

Pequabuck River Trail meeting occurred yesterday.

Household Hazard Waste- there is a collection scheduled for this Saturday.

Shrub Road- Plans have been resubmitted to the DOT

Wolcott Street Reconstruction- Project is pending DOT approval.

Jerome Ave Bridge- Progressing well, a notice was posted on social media

City Hall- we are looking to utilize city hall funds to scan all the documents within city hall.

DPW Salary Analysis- during analysis it was determined DPW salaries were down due to the number of vacancies in the department.

RTE 72- continues to move forward.

DPW Heat upgrades- the bid exceeded the existing appropriation due to gas line upgrade. DPW will use the FY2024-25 appropriation to fund the installation and investigating repairs to the existing units and the use of temp heaters.

MOTION: made by Commissioner Hartley and seconded by Council Member Rosengren to accept as presented and place on file.

Raymond Rogozinski, P.E., Director of Public Works, stated there is a ribbon cutting ceremony December 11 for West End Projects if any board members are interested in attending.

Raymond Rogozinski, P.E., Director of Public Works, stated as part of the Hope Street parking garage, Eversource needs to take an easement to the building.

MOTION: to execute an easement agreement to Eversource for the purpose of facilitating electrical service to the Hope Street Parking Garage made by Commissioner Hartley and seconded by Council Member Rosengren. Motion passed.

8. New Business

b. Illegal Bulk Policy

Raymond Rogozinski, P.E., Director of Public Works, reviewed the proposed illegal bulk policy.

MOTION: to approve the Department of Public Works Illegal Bulk Policy effective December 1, 2024 made by Council Member Rosengren and seconded by Commissioner Stawski. Motion passed.

c. DPW Fleet Capital

Raymond Rogozinski, P.E., Director of Public Works, reviewed the components of the DPW Fleet Capital and the procurement of vehicles for DPW utilizing the public auction site GOVDEALS to purchase vehicles from.

MOTION: to forward DPW's preliminary FY2024-25 Capital Budget request to the BOF Purchasing Committee requesting review of the Departments proposed request of pursuing procurement of specified used vehicles (tractor), Connecticut municipal vehicles through public GOVDEALS auction service (dump trucks), and to continue the practice of utilizing vehicles from other City Departments that no longer meet their need and have value to DPW. Said approval also supports the Departments objective of increasing the snow plowing fleet to address the shortage of snow plowing vendors, and supports the purchase of electric or hybrid passage vehicles only (utilizing available grants) made by Commissioner Hartley and seconded by Council Member Rosengren. Motion passed.

d. NBC Leaves in ROW

Raymond Rogozinski, P.E., Director of Public Works, reviewed the proposed policy amendment for the privately owned (non-city) items located within the city's roadway right of way regarding the stockpiling of leaves with a 10-day notification period.

MOTION: to approve the Department of Public Works Privately owned (non-city) items located within the City's right of way policy amendment effective December 1, 2024 made by Council Member Rosengren and seconded by Commissioner Stawski. Motion passed.

e. Street Identification Signs

Raymond Rogozinski, P.E., Director of Public Works, reviewed the proposed policy for the installation of street signs on city streets within the right of way.

MOTION: to approve the Department of Public Works Street Identification Signs within Roadway Right of Way policy effective December 1, 2024 made by Commissioner Hartley and seconded by Commissioner Dumas. Motion passed.

f. Roadside Barriers

Raymond Rogozinski, P.E., Director of Public Works, reviewed the proposed policy for roadside barriers within city right of way

MOTION: to approve the Department of Public Works Installation of Roadside Barriers within the City's Right of Way, policy effective December 1, 2024 made by Council Member Rosengren and seconded by Commissioner Hartley. Motion passed.

g. Traffic Study Memorandum

Raymond Rogozinski, P.E., Director of Public Works, reviewed a traffic study that was done with the company UrbanSDK, who provides vehicle traffic data. The data was reviewed with the board regarding the streets observed and the results.

Lukasz Buracki, Civil Engineer, City of Bristol, stated that the software is still in development so the data doesn't account for directional status. This will be added as a new feature down the road.

h. BOF Transfer

MOTION: to approve a BOF transfer of funds from DPW Fleet Capital accounts for \$29,000.00 for the purchase of a dump truck made by Commissioner Dumas and seconded by Commissioner Stawski. Motion passed.

9. Old Business

MOTION: to have the Director of Public Works to reach out to Corp counsel to get a status report for next meeting where they are with the paper streets/unaccepted streets based on our field trip last may made by Commissioner Hartley and seconded by Commissioner Stawski. Motion passed.

10. Any other matter to come before said meeting

MOTION: to amend from \$30,000.00 to \$33,000.00 and approve a BOF transfer request to repair the spill prevention sumps on the fuel tanks located at DPW's Vincent P. Kelly Road facility made by Council Rosengren and seconded by Commissioner Dumas. Motion passed

MOTION: to approve a BOF transfer request for \$179,176.00 for CMAC Grant for the traffic signal replacement made by Commissioner Hartley and seconded by Commissioner Stawski. Motion passed.

a. DPW-Redstone Hill Road Potential Roadway Narrowing

Raymond Rogozinski, P.E., Director of Public Works, discussed the potential narrowing of Redstone Hill Road. DPW would do the investigation themselves to see if this is feasible. This would go from an existing 32-37 ft to 26 ft.

MOTION: to authorize Department of Public Works to investigate narrowing the roadway width from the existing 32-37 ft (Ave) to 26 ft made by Commissioner Hartley and seconded by Council Member Rosengren. Motion passed.

Raymond Rogozinski, P.E. Director of Public Works, mentioned that a property owner at 135 Cross Street is asking to purchase 15 feet of the Public Works garage property. He stated that he does not support the sale of the property but would support a 5-year lease for the 15 feet with exclusion clauses.

Raymond Rogozinski, P.E., Director of Public Works, mentioned that a resident was in chambers regarding a street light issue and stated that Eversource said they would be out on Monday to look at this. It is an underground electric light that needs to be fixed.

Adjournment

MOTION: to adjourn at 7:09 P.M. made by Commissioner Hartley and seconded by Commissioner Rosengren. Motion passed.

Department of Public Works | 860.584.6125

Board of Public Works
Public Works Department Activity Report: Administration – November 2024

Public Works Monthly Metrics:

Number of Residential Transfer Station Visitors	5,094
Number of Bulk Collections	164

Current month activities:

- PAYT reporting and debt collection continues.
- Communications, press releases, social media, website maintenance and enhancements are ongoing.
- Management of Street Light repair requests and Shopping Cart ordinance compliance.
- Educational outreach for Reduce & Reuse and training for the Recycle Coach application, which currently has 5,941 users.
- Pursued 58 abandoned shopping carts, Zero dollars in fines were written.
- Welcome packets have been revised we are now only sending a letter to the new homeowner. All the info is now on the All heart website <https://bristolallheart.com/welcome> these letters are sent out monthly. This saves on postage and also material costs.
- Assisting Solid Waste with Illegal Bulk letters and fines. 32 complaints were received in November, resulting 1 ticket \$108.00.
- The 2024 Yard Waste season has ended. We had 4830 residents have signed up for the 2024 season.
- Continue the Food Scrap Collection campaign started July 1st. Working on Marketing and handing out green kitchen composters & compostable bags. We also have branched out and will be doing a food scrap pilot with BAIMS and also reviewing a possible one route residential pickup.

Next month activities:

- Enforcement of Illegal Bulk, Street light repair requests, welcome letters with new materials, PAYT debt collections, Shopping cart enforcement and monitor illegal dumping areas.

- Continue outreach to increase awareness of the Reduce & Reuse program and the Recycle Coach app. DPW started posting new features and it is helping gain new app users.
- Continue work on the Department's webpage, Facebook, Instagram and Twitter accounts to enhance media presence. Everything is on our website and social media for residents to fill out or have their questions answered.

Administration staff or concerns:

We have posted for the Accounts Payable position and hired internally. They will start on December 9, 2024. We are not going to be looking for a parttime position.

Administration Monthly OT Costs: \$888.00

Engineering Division Monthly Report November 2024 BPW Meeting

(Summary of November Activity for the BPW's December meeting):

- N. Main Street Streetscape – Under construction/ work occurring in front of PD. Fire Dept section temporary skipped due to gas utility conflicts. Minor revision to curb line being reviewed to eliminate conflicts. Contractor reconnecting streetlights additional work required by Eversource.
- Park St/Riverside Ave Streetscape – Current being designed by GM2. Park St on schedule for spring of 2025 & Riverside bid 2026. The design for Riverside is behind by approximately 1 month. Public information meeting pending initial state DOT review.
- Divinity culvert: DPW obtained Bristol IWC & ACOE approval. Water main relocation design required currently being coordinated with Water Department. Design being performed by DPW Eng. CT DOT authorization to bid and easement required. Work to be coordinated with Park St Streetscape anticipated in 2026.
- Prepare work orders/ oversee misc. storm drainage work in support of DPW spring 2025 Paving program (Drainage contract Tabacco)
- Lake Ave culvert (adjacent to Lake Compounce) design complete. Easement required for construction in 2025. DPW currently meeting with Lake Compounce to obtain easement. City request currently being reviewed by Lake Compounce. Two-way traffic will be maintained at all times.
- Wolcott St reconstruction design substantially complete. DOT Encroachment permit obtained. Project pending CT DOT approval and authorization to bid anticipated bid date in spring 2025.
- Eversource gas main installation coordination meeting for new mains and replacements, roadway repairs by Eversource or fee in lieu. DPW prefers obtaining fee in lieu of Eversource performing work.
- Coordination ongoing with consultant Shrub Road Sidewalks design and road diet (LOTICIP submitted). Scheduled to bid April 2025.
- Field St culvert: Under design by Cardinal Engineering, 1 of 4 easements obtained. Sanitary sewer replacement required on Peck Lane. State/Local Bridge Program funding in place. Required structural design scheduled to be performed by DPW Eng. Request for Eng software (str design) pending.
- Work orders/encroachment permits for ADA ramps/paving/drainage for 2024/25 paving list.
- Wetlands Map revision (BL Companies) submitted to IWC for approval (pending Feb 3 Public Hearing & CT DEEP review)
- DPW Engineering preparing/reviewing amendments to the IW regulations.
- East St Bridge construction on going. Project completion scheduled for June 2025.
- Perkins St storm drainage complete. Gerber Construction completed project on schedule (\$159,849)
- Inspect DPW facilities – Storm water control program
- Line striping updates for paving and faded markings complete Nov 14, 2024.
- Consultant preparation of Storm water Pollution Prevention Plan – DPW JPC Road site
- DPW Street Div. installing storm drainage on Maple Court, with completion by contractors in April 2025.
- CMAQ funding project in place. Project design initiated; construction scheduled for 2026.
- City wide analysis/evaluation of roadside barrier ongoing.
- Sediment removal plans Frederick St bridge/Pequabuck culvert/floodway survey scheduled for Jan 2025.
- Community Connectivity sidewalk work under construction, Laviero Construction performing work (80%) complete. Grant application for 2023 funds awarded and PAL signed
- Inventory bituminous sidewalks ongoing
- Assist Parks w/ARPA projects complete (Mem Blvd & Rockwell Park) sidewalks
- Asset management tasks/GIS upgrades
- DPW Engineering inspectors of Pequabuck River outfalls (locate & categorize dry versus wet outfalls).

Engineering Division staff or concerns:

Vacancies –**William Stango has passed his PE exam and has been appointed City Engineer**

Facilities – November 2024

Building Maintenance current month (November 2024) activities:

- Energy Commission Chairman Sean Dunn, Public Works Analyst Lindsey Rivers and Manager Oakes met with Naugatuck River Council of Government staff on 10/30 to highlight and promote the SustainableCT Gold Level Certification of Bristol for a press release and to encourage other NVCOG member municipalities to participate and promote their work for the benefit of their residents in the SustainableCT program
- Oakland LLC repaired numerous boiler header nipples after several weeks of heating, which exposed weak portions of the aging steam boiler systems at the Police Complex
- Provided support and off-hours access to City Hall with relation to Registrar's Office and staff for early voting associated with local and federal elections on 11/5
- On 11/13, Director Rogozinski, Public Analyst Rivers, Manager Oakes and Energy Commission Chairman Sean Dunn attended the SustainableCT Awards presentation at the Kate Theater in Old Saybrook to receive the Gold Level Certification in the state-wide SustainableCT program, which included obtaining Climate Leadership Designation
- Conducted Custodian interviews with Human Resources to fill Custodian vacancy on 12/19 and 12/26, unfortunately there were no qualified candidates that passed the interview process and the job will be posted again externally to the public
- Assisted Mazzarella Media and ECD with the placement of a time-elapse camera on the rooftop of City Hall to capture the construction activities associated with the Carrier Project on North Main Street
- Coordinated with Overhead Door of Hartford on the replacement of two steel roll-up overhead doors that serve the basement level parking for the Police Complex
- Coordinated with Millennium Builders on the replacement of limited areas of concrete bay floor and sidewalks at Fire House #2 that pose a safety hazard to Fire Department Staff
- Staff provided assistance in the build-out/set-up of the Emergency Management Emergency Operations Center room at 131 North Main Street on the 2nd floor
- Freeman Associates conducted an environmental sampling event at 30 Cross Street for potential purchase and use as the future Animal Control Facility
- Building Maintenance Staff attended annual OSHA Safety Training with PointMan Safety at City Hall on 12/7, 12/14 or 12/18 based on availability and staffing needs

Building Maintenance next month (December 2024) activities:

- Coordinate with Tobacco Construction in regard to the demolition of the structure and subsequent site restoration of 396 Jerome Avenue
- Manager Oakes, Energy Commission Chairman Dunn and Mayor Caggiano attended the CCM Convention on 12/3 to officially be recognized on a state-wide level with other SustainableCT Gold Level Municipalities (West Hartford, Glastonbury, Old Saybrook, New Haven and Fairfield)
- AirTemp Mechanical to replace Fire Headquarters boiler hot water return VFD pump that failed due to electronics overheating/burn-out
- Provide support for CT DOT & City public relations event on 12/6 in regard the Divinity Street and Route 72 upgrade project completion
- Oakland LLC to replace a failed hot water circulation pump at Police Complex (additional pump will be purchased for a spare in the event one of the five other pumps fails during winter), heating systems at Police Complex continue to be high maintenance and costly issue due to the age of the equipment
- Millennium Builders/Yield Industries replaced limited areas of concrete bay floor and sidewalks at Fire House #2 that pose a safety hazard to Fire Department Staff
- Conduct snow removal overtime operations as required
- Staff overtime shifts for coverage at Police Complex related to Christmas and New Year holiday season (holidays and staff coverage for personal time off)
- Provide support to various City Departments as required for holiday operations and events

- Continue weekly Friday pick-up and delivery of redeemable bottles collected by Bristol Eastern High School Science Club to Brian's Angel shelter on Federal Hill

Building Maintenance Staff or concerns:

- Anticipate moderate to elevated levels of Vacation/Miscellaneous time off during December holiday season
- 2nd Shift Custodian vacancy requiring overtime staffing on Friday and Saturdays until position is filled
- Availability of staff during snow operations may be a challenge this winter, as most 2nd shift staff also have 1st shift jobs or other responsibilities that limit them for assisting during 1st shift snow operations (one 1st shift staff member is on partial disability which prohibits heavy lifting and arduous physical labor which is associated with snow removal operations)

Building Maintenance OT Costs: \$7,442.24

Staffing coverage for after-hour maintenance service calls (assist Police with Willis Street Radio Tower HVAC issue on 12/2, City Hall elevator and HVAC issues, Police Complex Locker Room plumbing issue), shifts coverage due to 2nd shift vacancy, Veterans Day and Thanksgiving holiday staffing at Police Complex, City Hall registration/voting extended hours for Registrar's Office, Emergency Management Emergency Operation Center room set-up, City Yard Fleet Division Mechanic sink removal and installation, modifications to Building Department front counter and large plan review monitor installation

Streets November 2024 Report

Streets current month activities:

- Continued to provide all employees with cleaning supplies as well as masks due to COVID-19
- Continued with roadside maintenance of City properties, including litter and yard sign removal. This work will be on going throughout the seasons
Installed driveway aprons for engineering on new paved roads
- Serviced trees, including pruning, removals, and testing
 - **Tree take downs** (Witches Rock Rd, Pine Lake, Boulevard, Central Ave and Sycamore St)
- **Major Roads Engineering**- Swept and directed traffic for Tilcon
- **Permanent Patch for Engineering**- Started hammering out cobblestone on North Main St and replacing with asphalt.
- Stump Removals/ Loam
- Continuing small road repair
- Addressing street signs
- Curb repair
- Vactor Work
- Cleaned out culverts throughout the city
- Milling and Paving
- Driveway Aprons
- Loam Feeder
- Patched Potholes
- Street Sweeping
- Storm Drainage
 - **Completed Basin Repairs/Sinkholes**- (Finished installing 55 catch basin tops for our engineering department in the industrial park- Enterprise Dr, Halcyon, Crystal Pond, Horizon and Century Dr)
- Installing new poles and signage
- Winter Operations- Start of the season with black ice

Streets next month activities:

- Continue with roadside maintenance
 - Street Sweeping
 - Potholes
 - Curb repair
 - Loam
 - Tree removal
 - Tree trimming
 - Mowing
 - Driveway aprons
 - Milling and Paving
 - Catch basin repair
- Tilcon closing December 13th, will start making our own asphalt with Bagela plant
- Permanent Patch List
- Milling and paving
- Winter Operations- Preparing trucks for winter storms
 - Plowed and treated roads
 - Service Requests
- Continue addressing street road name signage replacement
 - Installing new poles and or signage
 - Look into printing other road signage of other Departments
 - Fixing and installing signs for Police Department

- Maintenance of city properties
 - Litter clean up
 - Lawn Maintenance
 - Bridge clean up
- Continue tree take downs, trimming and stump grinding
- Continue to address seasonal maintenance activities, including preparation of seasonal operation equipment
- Assist other public work programs and departments as required

Streets staff or concerns:

Street Division is currently addressing service requests from the general public with our maintenance programs. We have been managing these requests throughout designated areas.

November OT Totals: \$ 1091.78 Streets

Solid Waste November 2024 Report

Solid Waste current month activities:

- Continued illegal bulk inspection and enforcement activities. We sent out 32 letters and picked up 1 illegal bulk stop.
- Continued curbside bulk collection, we collected 164 scheduled pick-ups.
- Continued the on-site management of barrels at the Transfer Station, disassembling, cleaning and reusing barrels.
- Continued yard waste collection for the season, we currently have 4,830 residents participating.
- Continued cleaning up areas with high amounts of litter.
- Cut and mow high vegetation at the transfer station and landfill.
- Continued curbside leaf bag collection, collecting 395 tons of leaf bags for the month.
- Worked overtime on Saturday the 16th to make up for Veterans Day collections.
- Worked overtime on Friday the 29th and Saturday the 30th to make up for Thanksgiving collections.
- Completed annual OSHA training.
- Interviewed for Solid Waste laborer position.

Solid Waste next month activities

- Continue illegal bulk inspection and enforcement activities.
- Monitor manufacture and transportation process for additional rubbish, recycling and yard waste containers.
- Continue to cut and mow high vegetation at the transfer station and landfill.
- Patrol known dumping areas for illegally dumped items.
- Continue cleaning up areas with high amounts of litter.
- Finish curbside yard waste collection for the season.
- Finish curbside leaf collection.
- Work overtime on Saturday the 28th to make up for Christmas day collections.

Solid Waste staff or concerns:

- Manage Solid Waste Division staffing levels.
- Manage Division vehicle equipment needs.
- Continue to cross train Division employees.

<u>OT Costs/Revenue Generated:</u>	
Solid Waste OT =	\$5,919.11
Transfer Station OT =	\$4,837.86
TS Revenue (PAYT) =	\$21,201.35
Residential Permits =	\$3,170.00
Commercial Permits =	\$125.00
Yard Waste Revenue =	\$230.00
Murphy Road Rebate =	\$0.00
Iron Liberty Recycling =	\$2,145.00
Aluminum Liberty Rec =	\$0.00
Batteries Liberty Rec =	\$0.00
Electronics NewTech =	\$0.00
Compost Sale =	\$0.00
Bulk Pick-Up Revenue =	\$0.00
Book Box =	\$0.00
Misc. Revenue =	\$0.00
Border Street =	\$0.00
Illegal Bulk Fines =	\$0.00
Clothing Recycling =	\$0.00
Additional Barrel Sale =	\$1,550.00
Damaged barrel =	\$134.00
Special Pick up – 2 nd	\$1,720.00

Fleet Maintenance Current Activities:

Streets Div.

1. **S4** – (2024 pickup truck) 9' stainless Snow plow for winter ops installed. \$7,700
2. **S12** – (2009 10 wheeled dump truck) Oil pump and main line from filter to motor replaced due to corrosion.
3. **S23** – (2019 10 wheeled dump truck) New air can and air dryer lines installed. Valves for hydraulic block were contaminated with debris causing the block to fail. Hydro block was taken apart, cleaned properly then reassembled.
4. **S20** – (2010 6 wheeled dump truck) Aluminum fuel tank had a hole under the mounting straps. Tank was taken off and sent out to a vendor for repair. Process should take 3 to complete.
5. **S42** – (2004 6 wheeled plow truck) Truck was quoted and scheduled to have the cab painted for a cost of \$2,900.
6. **S26** – (2018 10 wheeled dump) Hydraulic block was not functioning correctly causing failure in the hydraulic system. Block was taken apart, cleaned out and outfitted with new seals.

Solid Waste Div.

1. **R9** – (2015 automated rubbish truck) New rear brakes and drums. Lug nuts replaced on farthest rear axle.
2. **R34** – (2004 rear loader) Door lift cylinder taken off and rebuilt.
3. **R39** – (2007 automated rubbish truck) Faulty ignition switch replaced with new.
4. **R23** – (2018 automated rubbish truck) New front brakes were installed after inspection. Packer was making noise so new packer guides were installed to correct the issue. Clunking in the front end was diagnosed and addressed by replacing both front king pins.
5. **R14** – (2019 automated rubbish truck) New wiper motor and wiper arms were installed due to failure.
6. **R29** – (landfill mower) New machine was purchased to replace the existing unit. \$53,000. Old broken down unit will be sent to auction.

Fleet Maintenance Next Month's Activities:

- Continue scheduled service to our Fleet vehicles.
- Continue scheduled services to our other divisions as well as our P.D.
- Continue to keep Streets & Solid Waste Ops. Running strong.
- Working on rear loaders upcoming tree collections.
- Working on plow trucks for Winter ops.
- Samsura trail was a success. More units have been ordered to outfit our PW fleet. This system will ensure us that there are no issues with our fleet while in use. This will greatly improve our maintenance and diagnostic capabilities.

Fleet Maintenance Staff or Concerns:

- Fleet garage heat in process to repair. Solid waste buildings still need to be addressed.
- Street Div. (\$30) 1985 Tractor trailer truck needs to be replaced. This would be a great opportunity to buy used.
- Any way we can put our Fleet Auction proceeds back into our Fleet And not the GF?
- **DPW really needs a dedicated wash building.**
- Sumps for both Gasoline and Diesel pumps at the yard need to be replaced. Fleet has been working with vendors to fix this issue.
- Overtime expenditures and totals \$2423.28 (Holiday, Dispatch and Mechanic).

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 9, 2024

TO: Raymond Rogozinski P.E., Public Works Director

FROM: David Oakes, Public Works Facilities & Energy Manager

RE: City Building Project List Updates

City Yard – Garage Heating Unit Replacements - \$55,000

City Yard & Transfer Station – Waste Oil Heater Replacements \$42,000

Van Zelm Engineers was issued a purchase order in the sum of \$23,300.00 to provide design schematics and bid documents for the City to issue an open bid. The remainder of the funds allocated for these projects (\$73,700.00) will be used for payment of the winning construction bid. Bids were received from three HVAC firms (SAV-MOR, Crest Mechanical and Air Temp) for the work scope. However, the bids exceed the \$73,700 funding on hand to complete the entire work scope.

	SAV-MOR	Crest Mechanical	Air Temp
Main Garage	\$181,500.00	\$218,700.00	\$220,000.00
Solid Waste Q-Hut	\$21,800.00	\$27,925.00	\$24,000.00
Transfer Station	<u>\$42,900.00</u>	<u>\$47,875.00</u>	<u>\$24,000.00</u>
Total	\$246,200.00	\$294,500.00	\$268,000.00

The Solid Waste Q-Hut project also requires installation of a natural gas line from either the Main Garage or Eversource natural gas main line on Vincent P. Kelly Road, which was going to be incurred directly by the Department of Public Works.

SAV-MOR staff met with Public Works Director Rogozinski and Fleet Manager James Divirgilio and Manager Oakes on _date_ to discuss replacing the existing Fleet Mechanics Garage heating units with equivalent equipment that could re-use existing natural gas service lines. A proposal of \$92,200.00 was submitted on 11/26/24.

Beals Center – Café & Card Room Upgrades \$38,000

Department of Aging Director Jason Krueger informed Manager Oakes that upgrades to the Café and Card Room are pending Department shifts and adjustments within the Beals Community Center. The proposed upgrades will not be possible until a final decision is made to future locations of the State of CT Probate Court and Bristol-Burlington Health Department within the Beals Center.

Director Rogozinski has engaged with Colliers staff to provide the Beals Center/Bristol Burlington Health Department (BBHD) project cost estimate that was incorporated and scheduled to be approved as part of the CIP budget request.

Department of Public Works | 860.584.6125

FY24-25 Project List Additions

Hazardous Building Materials Assessment Inspections & Reports \$20,000

Numerous City Buildings do not have existing documentation in regard to potential hazardous building materials inventory. This project addresses all City Buildings without existing surveys for the benefit of staff, contractors and future activities such as renovations or property transactions, which may disturb potentially unknown hazards (such as asbestos and lead-based paint). Eagle Environmental of Terryville provided individual estimates for each building, and the combined total for all buildings came in at \$21,228.76. Purchase Order #22503839 was issued to Eagle Environmental on 10/15/24 to complete the inspection and reports for the sum listed above. Inspection and reports will be completed over the next several months of winter.

Police Complex Overhead Door Replacements \$25,000

Over the last several years, the basement parking garage inbound and outbound overhead doors have shown their age and wear due to the high daily cycle rates of patrol and staff vehicles. The inbound and outbound doors have been damaged due to vehicle strikes, exposure to weather and salt required for de-icing operations on the down ramp to the doors. This project will replace in full, both overhead doors, one drive motor (one existing motor was replaced approximately one year ago and will be re-used), photo-sensors and other ancillary equipment to keep shift changeovers unimpeded and provide a higher level of security to the Police Complex areas. Bids were received and the winning bidder was Overhead Door of Hartford at a sum of \$34,340.00. Purchase Order #22504095 as issued on 11/5/24.

Other Projects

Concrete Replacement – Fire House #2 \$15,000

Select areas of apparatus bay floor and exterior sidewalk were replaced on 12/5 and 12/16, that posed a safety hazard due to cracking (trip hazards). Millennium Builders/Yield Industries completed the proposed work for a sum of \$10,997.88

MEMORANDUM

DATE: December 11, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: BPW December – Director’s Report

Please find attached a summary report of the Department’s activities, issues, and concerns for the December 19, 2024 Board of Public Works meeting.

1. **Staffing: Streets & Land Use Divisions** - Fully staffed. **Administration Division** – Part Time emp hired to fill accounts payable position. Part time position scheduled to be posted/ advertised. **Bldg. Maintenance Division** – vacancy in night custodian interviews scheduled. **Engineering Division** – William Stango appointed by Mayor as City Engineer. **Solid Waste:** 1 vacant laborer position (start date pending).
2. **Hope Street Parking Garage:** D’Amato Construction currently completing precast structural erection, scheduled to be completed (weather dependent) 1/8/24. Completion of parking garage scheduled for April 2024. Elevator install (critical item) is scheduled for February 1, 2025 to March 15, 2025. Eversource power required. **Completion of the parking garage scheduled for April 30, 2025.**
3. **Maple Court Roadway Reconstruction:** DPW starting storm drainage (east end - Stewart St) 12/16/24. Remainder of work (roadway pavement, storm drainage at Maple St, sidewalk & retaining wall at Maple St) scheduled to be completed in the spring 2025.
4. **City Council Action:** Mayor authorization to sign final FEMA reimbursement documentation (\$89,306.97) for tropical storm Isaias. \$276,555 received to date. Authorization for mayor to sign Jerome Ave Supplemental agreement \$3,122,000.
5. **Shrub Road Sidewalks:** City’s engineering consultant AI Engineers finalizing plans to be resubmitted to CT DOT & NVGOC for review. Consultant late with submission. DOT final authorization to fund pending. NVCOG third party engineering review required, along with DOT authorization to bid. Project bid anticipated in April with construction in 2025.
6. **Wolcott Street Reconstruction (Peck Lane to Witches Rock Road):** City engineering consultant AI Engineers complete. Project pending DOT authorization to bid.
7. **HHW Collection:** Household Hazardous Waste Collection conducted November 23, 2024 at DPW’s, 95 Vincent P Kelly Road facility. The event was sponsored by BRFFOC. 808 vehicles participated (highest ever), 262 vehicles were from Bristol, 25 Berlin, 31, Burlington, 95 Plainville, 8 Plymouth, 154 Southington and 3 Wolcott. City cost is \$60/ vehicle (\$15,720).
8. **Jerome Ave Bridge:** Progress on the bridge has progressed well, the contractor installing utilities water, gas and storm) and if it were not winter would be scheduled to pave in mid-February. Since it is winter, lost work days are anticipated, most asphalts plants are closed and paving is cold weather is not recommended, it is anticipated that the bridge will NOT be open until April. With that said, if work continues to progress and there is a period with sufficient weather, DPW MAY consider paving the binder course and opening the road earlier.
9. **City Hall:** DPW is pursuing scanning all City Hall documents. DPW is evaluating space reduction associated with scanning. As previously reported per State Librarian a portion of the original documents scanned will have to be retained, therefore DPW analysis required to determine actual space reduction. IF the scanning project does move forward, funding will NOT be from the City Hall construction project fund. DPW will seek a separate appropriation. DPW is also obtaining pricing to touch-up paint throughout the building. Monitors in 1st floor conf room being relocated to center on tables. QAM/Architects meeting with Park Dept regarding relocating back to City Hall. Concern with loss of document storage room adjacent to Park Dept and conf room (document scanning will create space).
10. **Inland Wetland – City Wide Map:** Revised Inland Wetland map pending IWC approval & CT DEEP review. February 10, 2024 Public Hearing Scheduled.
11. **DPW Yard Facility:** Fleet HVAC Heat – parts on order work, scheduled to start Jan 2, 2024. UST Sump replacement – work authorized (alternate off-site fueling will be required or approx. 3 wks., currently being arranged).
12. **BOF Purchasing Committee:** BOF preliminary approved DPW request to purchase used vehicle, auction site of municipal vehicles and utilizing other City Dept if vehicle meets DPW needs. Revisions to purchasing manual and final BOF approval required. BOF did express concern with expanding fleet vehicles and requested to be advised of vehicle acquisitions.
13. **Collins Road Storm Drainage:** Revised plans indicating clearing limits and E&S controls submitted to New Britain for review. Easements required from New Britain and property owns of 87 Collins Road.
14. **Brandon Run Street Light:** DPW has denied a request to install a streetlight on Brandon Run (Hse 44 to Tiffany Lane). Due to underground electric the cost is \$6,700. Spacing of existing lights is greater than average in the area, however it is in a straight section of roadway with sidewalks.
15. **EV Stations:** Currently operational at City Hall and Meadow St Parking Lot.
16. **DPW Salt Brine System:** Brine system ordered; delivery anticipated in March. Concrete slab, fabric roof, water lateral and power required. Final installation/startup anticipated in April.
17. **Snow Mailbox Damage:** 15 mailboxes hit/ knock out during the 4 inch snow storm during the week 12/2/24.
18. **Pavement Management Rating:** Report attached, inspection performed in Spring 2022, updated with degradation rate and newly paved roads. Inspected roads currently include several non-City streets which is lowering rating. Update to follow.

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 3, 2024

TO: Mayor Jeffrey Caggiano
City Council

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: **DPW JEROME AVE BRIDGE – CT DOT SUPPLEMENTAL
APPLICATION**

Construction of the Jerome Ave Bridge located between Sturbridge Court & Coolidge Ave across the Freeman Brook is progressing. As the Council is aware, construction was delayed during the summer due to difficulties installing a bridge pile required to support the northeast wing wall of the bridge. During the drilling operation for the pile installation, an obstruction was encountered 40 ft. below grade. To remove the obstruction a coffer dam (20 ft x 20 ft and 40 ft deep) was constructed and the stone/concrete obstruction was excavated.

Since the obstruction was removed, construction has progressed. To date, the bridge structure is substantially complete and utilities (gas & water) are currently being installed. Road work is anticipated to be completed in January, weather permitting. Roadway pavement is scheduled to be completed and the road opened in April 2025.

Bridge construction cost, including contract amendments, are funded by the State Local Bridge Program that provides 50% funding. To finalize State reimbursement of funding, the Department of Public Works requests the following City Council Action:

Authorize the Mayor to execute a Supplemental Application with Connecticut Department of Transportation Local Bridge Program for Jerome Ave Bridge (Bridge No. 04091 & State Project No. 9017-4091) in the amount \$3,122,000 (project cost) & \$1,561,000 (City grant)

Please feel free to contact me at 860-584-6113 regarding any questions or concerns.

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 5, 2024 rev

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: **DPW FEMA PROJECT COMPLETION & CERTIFICATION – STORM ISAIAS**

RECEIVED
2024 DEC -5 PM 1:16
TOWN AND CITY CLERK
BRISTOL, CT

The City is finalizing FEMA funding the City will receive for damage from tropical storm Isaias. The final reimbursement to the City is for damage to City Parks (\$13,000) & Roads (\$6,103), Emergency Measures including collection of woody debris (\$63,727.07) and DPW Management/Administrative cost (\$6,103).

The current \$89,306.97 reimbursement does not include previously received funds (\$276,555) from FEMA to the City for damage from storm Isaias. In order to receive the current reimbursement and closeout/ certify completion of FEMA assistance to the City for storm Isaias, the Department of Public Works request the following City Council action:

Authorize the Mayor to execute any and all documents associated with FEMA Project Completion and Certification for Storm Isaias. Said authorization shall include execution of all documents associated with the City's final reimbursement request of \$89,306.97 for Storm Isaias damage.

Please feel free to contact me with any questions or concerns at 860-584-6113.

Subject: Brandon Run - Request for Street Light

Jose, DPW has had an opportunity to review your request to install a street light on Brandon Run between 45 Brandon Run and the Tiffany Lane intersection. The existing lights are serviced with underground electric and the spacing between the light in front of your property and Tiffany lane is 500 ft. Light spacing within the subdivision on average is 340 ft and varies from 280 ft and 530 ft. The City does not have a specific lighting illumination standard and the portion of Brandon Run associated with your concern is on a straight section of the roadway equipped with sidewalks. In addition, underground electric would require excavation, installation of conduit and a new pole. As a result DPW does not support your request for an additional light.

Please feel free to contact me with any questions/ concerns at 860-584-6113.

Good afternoon Ray & Michael,

I hope that this email finds you well.

Were you able to meet and discuss the possibility of installing a light post in the area in question?

I look forward to hearing back from you.

Good morning,

My name is Jose Vargas and I own 60 Brandon Run, Bristol.

I am requesting consideration of a new street light to be installed between Tiffany lane and Corbin Ridge.

I have added a picture as a reference point

There is already a light where Corbin Ridge is, however, very frequently people come close to hitting those walking in that area because it is very dark.

On Halloween night alone I sat and watched while handing out candy on 3 different occasions people and their families almost got hit by cars.

I hope and pray that you approve the install of this light in this location.

Thank you again for your consideration

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 19, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., and Director of Public Works

RE: DPW Update - Redstone Hill Road (Birch St to Bristol/Plainville town line)
Potential Roadway Narrowing

The Department of Public Works continues to investigate the installation of potential traffic calming measures on Redstone Hill Road, from the intersection of Birch St to the town line. The City has received a number of complaints regarding speeding on this section of the roadway over the last 10 years. Based on recently obtained Urban SDK speed data, the average and 85th percentile speed is 36 MPH and 48 MPH, respectively, above the posted 35 MPH speed limit. As previously reported to the Board, traffic accidents in the Redstone Hill Rd roadway section are limited.

The DPW is scheduled to pave the roadway section in 2025. Prior to paving, it is DPW's goal to evaluate traffic calming measures to determine if it is cost-effective to implement roadway modification to install traffic calming. As previously reported to the Board, data quantifying various traffic measures is either limited or not available. In addition, traffic calming measures offer potential benefits, as well as concerns. In the case of Redstone Hill Road, some measures require roadway modifications, such as narrowing the road and some calming measures, such as signage and rumble strips, can be installed after paving, without roadway modifications.

A critical decision pertaining to paving Redstone Hill Road is whether or not there is a cost benefit to narrowing the roadway pavement. Narrowing Redstone Hill Road (Birch St to town line), from 34 ft to 28 ft, would require moving the curb on each side of the road toward the center by 3 ft. The estimated cost to remove and install new curb, remove pavement, loam & seed, relocate storm drainage, and extend driveways, is approximately \$260,000. The DPW is confident that narrowing the pavement width would decrease speeds. However, quantifying the reduction in speed is problematic based on the availability of limited research. One study indicated that there is a

Department of Public Works | 860.584.6125

reduction of approximately 1 MPH per every foot of narrowing. Therefore, narrowing the roadway by 3 ft on each side would reduce speed by 3 MPH.

Based on an estimated reduction of 3 MPH, and a cost of \$260,000 associated with narrowing the road, the Department of Public Works does not recommend narrowing the road. DPW is currently performing traffic counts and is evaluating the following:

1. Potential installation of stop signs at the intersections of Redstone Hill Rd at DiPietro La, Violet Dr, Cloos Rd and/or Candlewood/Evelyn. DPW's initial assessment is that traffic counts will NOT meet required warrants to install stop signs.
2. Installing additional signage (speed limit and warning signs).
3. Installation of edge line rumble strips. The roadway currently has a centerline rumble strip.

The installation of a centerline rumble strip will be maintained on Redstone Hill Road. The DPW would like to determine the effectiveness and public support of installing edge line rumble strips prior to paving the roadway. **DPW proposal is to install roadway pavement markings to narrow travel lanes to 11 ft, maintaining the existing curb line, and install edge line rumble strips 6-inches (curb side) of the edge lines. DPW recommends installing the rumble strips in April, prior to paving, at a cost of \$10,000. DPW would monitor the effectiveness of rumble strips, and if effective, reinstall the rumble strips once Redstone Hill Rd is paved at the additional cost of \$10,000.** Further evaluation of the roadway may reduce the installation of the proposed edge line rumble strips and cost thereof.

Although the installation of edge line rumble strips is listed as a speed reduction measure, no data is available quantifying effectiveness of speed reduction. In addition, rumble strips have been associated with noise complaints. The primary purpose of centerline rumble strips is to reduce vehicles from crossing the center line, causing head on collisions. The primary purpose of edge line rumble strips is to reduce vehicles from existing the roadway along the shoulder of the road.

DPW investigation of traffic calming on Redstone Hill Rd was posted on social media. The post stated that it was ridiculous to narrow the road and would be quite a cost to homeowners to move the mail box and extend driveways to the road. Several posts followed, supporting the original post. DPW posted that narrowing the roadway was an option the City is investigating. A few posts commented on previous complaints associated with speeding on Redstone Hill Road.

Department of Public Works | 860.584.6125

As Director, I feel public comment is critical to project success and encourages input from the public. I was concerned that DPW did not have an opportunity to initiate the discussion of Redstone Hill Rd traffic calming with the public. The initial post may also had been different if the property owner had been aware that if the road is narrowed, the cost to move the mailbox and extend driveways would be incurred by the City. With that said, DPW's recommendation to proceed with projects is not limited to support from individual property owners. Rather, projects must be engineeringly sound, achieve stated objectives and have a public benefit for property owners, commuters, and the general taxpayers.

Please feel free to contact me at 860-584-6113 with any questions or concerns.

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: November 20, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., and Director of Public Works

RE: DPW – Redstone Hill Road (Birch St to Bristol/Plainville town line)
Potential Roadway Narrowing

The Department of Public Works is scheduled to mill & pave Redstone Hill Road from Birch St to the Bristol/Plainville town line. The City has consistently received complaints associated with excessive speeds on the section of Redstone Hill Road. These complaints have been documented, including the most recent Urban SDK speed data, indicating the average and 85th percentile speed is 36 MPH and 48 MPH, respectively. The Urban SDK data is consistent with NVCOG data. However, the NVCOG data is obtained utilizing a telemetric vehicle data similar to Urban SDK. It should also be noted that Redstone Hill Road is classified as a Minor Arterial road, and as such is designated to accommodate more traffic than a local road.

In order to mitigate high speed vehicles on Redstone Hill Road, the Department requests the following Board of Public Works action:

Authorize the Department of Public Works to investigate narrowing the roadway width from the existing 32-37 ft (Ave) to 26 ft.

The investigation and road narrowing will include and consider the following:

- a. Public Information meeting soliciting input from the public (direct mail to Redstone Hill Rd property owners and social media/City website notice for surrounding neighborhoods).
- b. Reducing lane width from the existing 16 ft to 11 ft. Existing roadway radii at roadway intersections will not be reduced.
- c. Roadway narrowing will require the establishment of a no parking zone along Redstone Hill Road.
- d. New curb will be 4 inches

City of Bristol
Public Work Department
111 North Main Street
Bristol, CT 06010
www.bristolct.gov

Department of Public Works | 860.584.6125

- e. Storm drainage modifications would consist of removing and reinstalling new catch basins and converting existing catch basins to manholes (approx. 39 drainage structures - \$120,000). Location of existing water or gas mains may conflict with proposed catch basin relocation.
- f. Reducing speeds on Redstone Hill Road does not appear to create the potential of additional cut-through traffic onto adjacent roads.
- g. Flat residential driveways (3-4) may pose drainage concerns.
- h. Traffic accident data DOES NOT reflect a high crash history.
 - 1. Crash History last 3 years is 10 not including crashes at Birch Street intersection, where the state is proposing enhanced signing. 2 in 2024 (1 crash per 1.4 million miles traveled segment is approximately 4600 feet long and the average ADT is 4550), 1 in 2023, 2 in 2022, 5 in 2021.
 - 2. Crash Locations: 3 at Candlewood Drive, 1 at Violet Drive, 1 between Violet Drive and Dipietro Lane, 3 between Charlies Way and Dipietro Lane, 1 just west of Birch Street.
 - 3. Crash Severity: 3 Injury crashes. 7 Property Damage only
 - 4. Crash Types: 2 mid road deer crashes, one wet weather, about half night, one head on possible distracted, 3 angle, 1 sideswipe
- i. Traffic Volumes (CTDOT): East of Birch 4200 ADT (April/2024), 4700 ADT (August/2021), 5800 ADT (September/2015), 8000 ADT (October/2009). Note ADT has decreased since 2009 from 8000 to 4200 ADT
- j. City Ordinance width is 34 ft, CT DOT Highway design standard minimum 11 ft lanes & 2 ft painted shoulders.

DPW has initiated the investigation to narrow the road. The road is classified as a Minor Arterial. DPW is concerned of the potential need to relocate water and gas mains to install new storm drainage. If relocation of water and gas mains are required, narrowing the road may not be viable/cost effective.

In addition, narrowing the road will increase concerns associated with pedestrian and bicycle traffic. Redstone does not currently have a continuous sidewalk and reduction of current pavement width will reduce available shoulder for pedestrians and bicycles. Potential alternatives to narrowing the road include installation of center median remarking pavement marking reducing lanes widths and increasing shoulders width or installing a bicycle lane. Traffic calming that will not be considered are speed humps/shelves and modifying horizontal geometry.

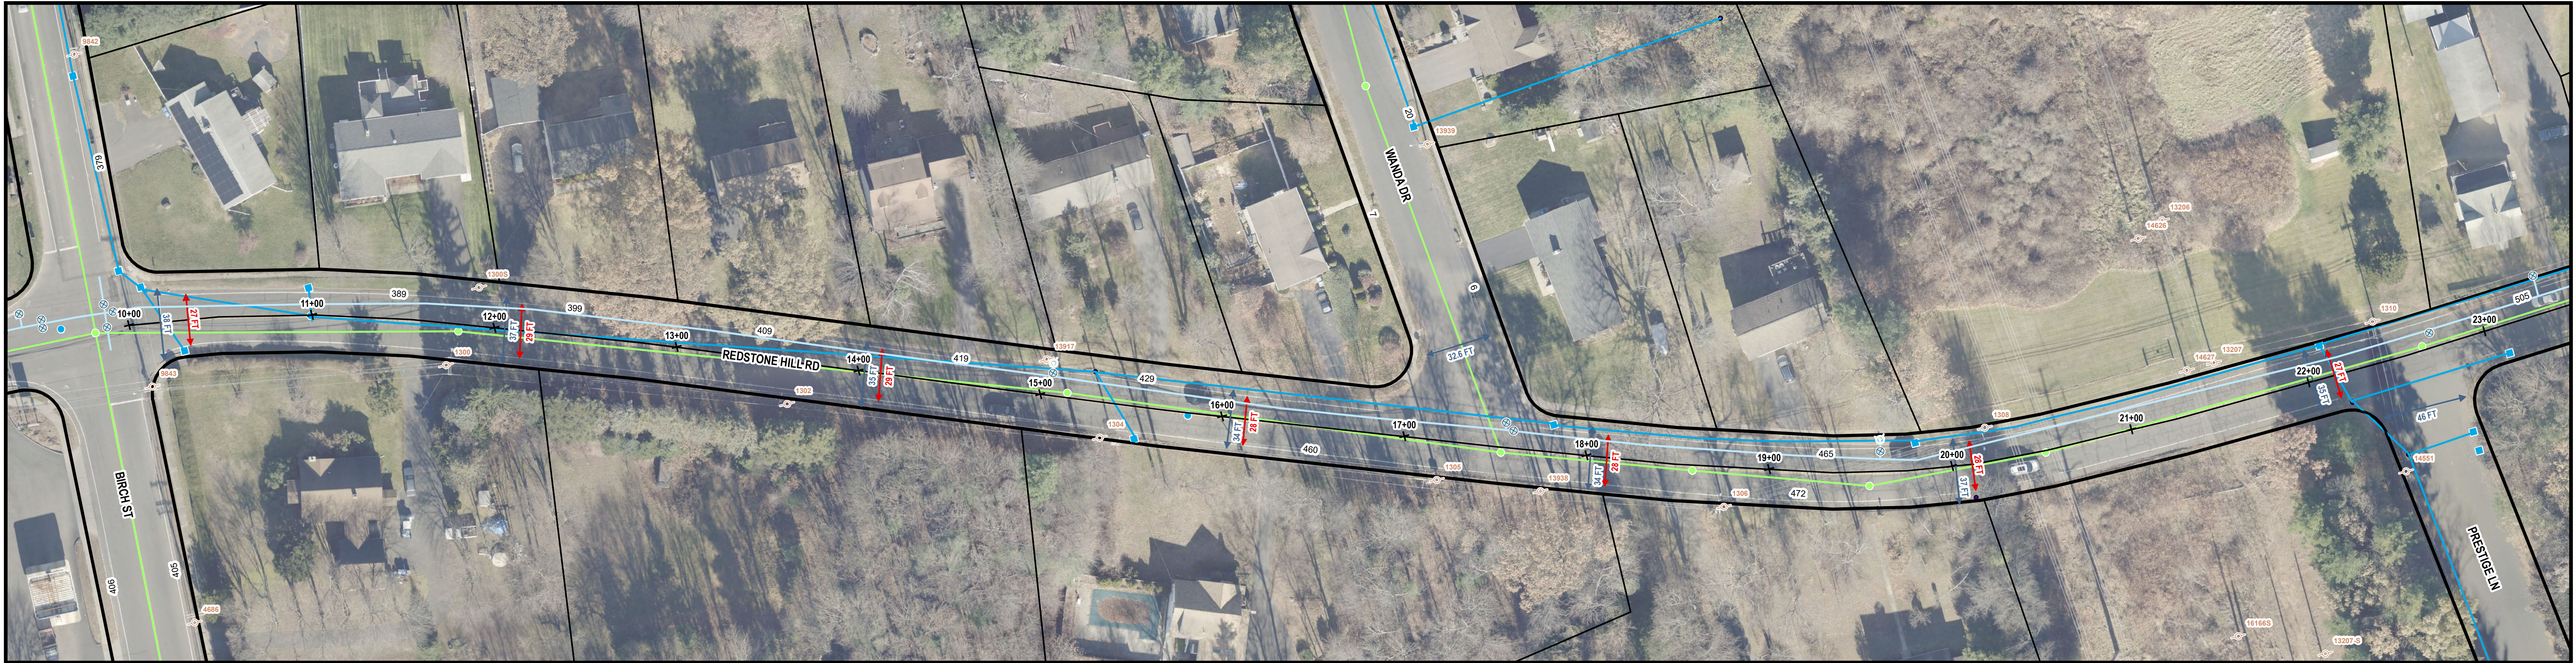

Department of Public Works | 860.584.6125

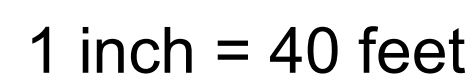

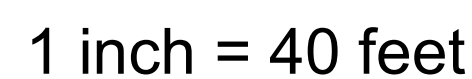

Traffic counts are scheduled to be conducted the week of December 2, 2024. Traffic count data from Urban SDK.

Please feel free to contact me at 860-584-6113 with any questions or concerns.

Spoke with a city of Bristol surveyor. He said they are planning to repave Redstone Hill Road. Sounds like good news except they plan on shortening the road width from the current 40 feet to 26 feet to "slow down traffic ". So all home owners on the street will have to move their mailboxes back and extend their lawns and driveways. This sounds absolutely ridiculous! Quite a cost to homeowners! Hope this can be voted on and blocked if this is true. Don't know what these idiots are thinking but they aren't thinking of the people.

I find it interesting that everyone complains about the speeding throughout the city and whenever the city takes action to slow traffic down people complain. People complained when they installed the bike lane on the boulevard in order to eliminate a lane and slow traffic. People complained when lanes were eliminated downtown to slow traffic and make the area more pedestrian friendly. People have been complaining about speeding on Redstone Hill Rd for ages and now we have someone complaining, "anonymously", that the "idiots" aren't thinking. Seems to me they are listening to the residents in the area who have been living with the speeding and they are taking action after multiple fatalities in the area. The city always moves the mailboxes as part of... See more

The DPW is scheduled to pave redstone hill road from birch st to the town line in 2026. The city has received a large number of complaints of speeding on the roadway.

Dpw is INVESTIGATING the installation of traffic calming on the roadway. Pending completion of the investigation it is unknown if Dpw will or will not recommend measures. Dpw will advise property owners that IF traffic calming measures are implemented the cost will be incorporated into the city project and there will be a public information meeting.

On behalf of public works, comments input is appreciated and residents are encouraged to contact Dpw Director at 860-584-6125

MEMORANDUM

DATE: December 10, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: **DPW REQUEST TO LEASE PROPERTY OF DPW CITY YARD
VINCENT P KELLY ROAD**

The Department of Public Works has received a request from the property owner of the parcel identified as 135 Cross St, located adjacent to the City DPW yard, to purchase 30 feet of the DPW Yard (City) property.

As indicated in the attached plan the rear portion of the 135 Cross Street property abuts the rear of the City Yard property identified as 95 Vincent P Kelly Road. The property associated with the subject request is located on the opposite side of a stream and wetland area that runs through the DPW Yard property. For DPW to utilize the subject property, crossing or relocation of the stream and wetlands would be required. However, **as Director of Public Works, I am strongly opposed to sale of any portion of the City DPW Yard property.** The property may be required to support future expansions of DPW operations and if the portion of the parcel is not developed the property would provide a buffer and setback distance for DPW operations.

The intended use of the property is for an outside recreational area associated with a proposed dog training facility.

Although I do NOT support the sale of the property, I do support the potential lease of the property provided it is subject to the following conditions:

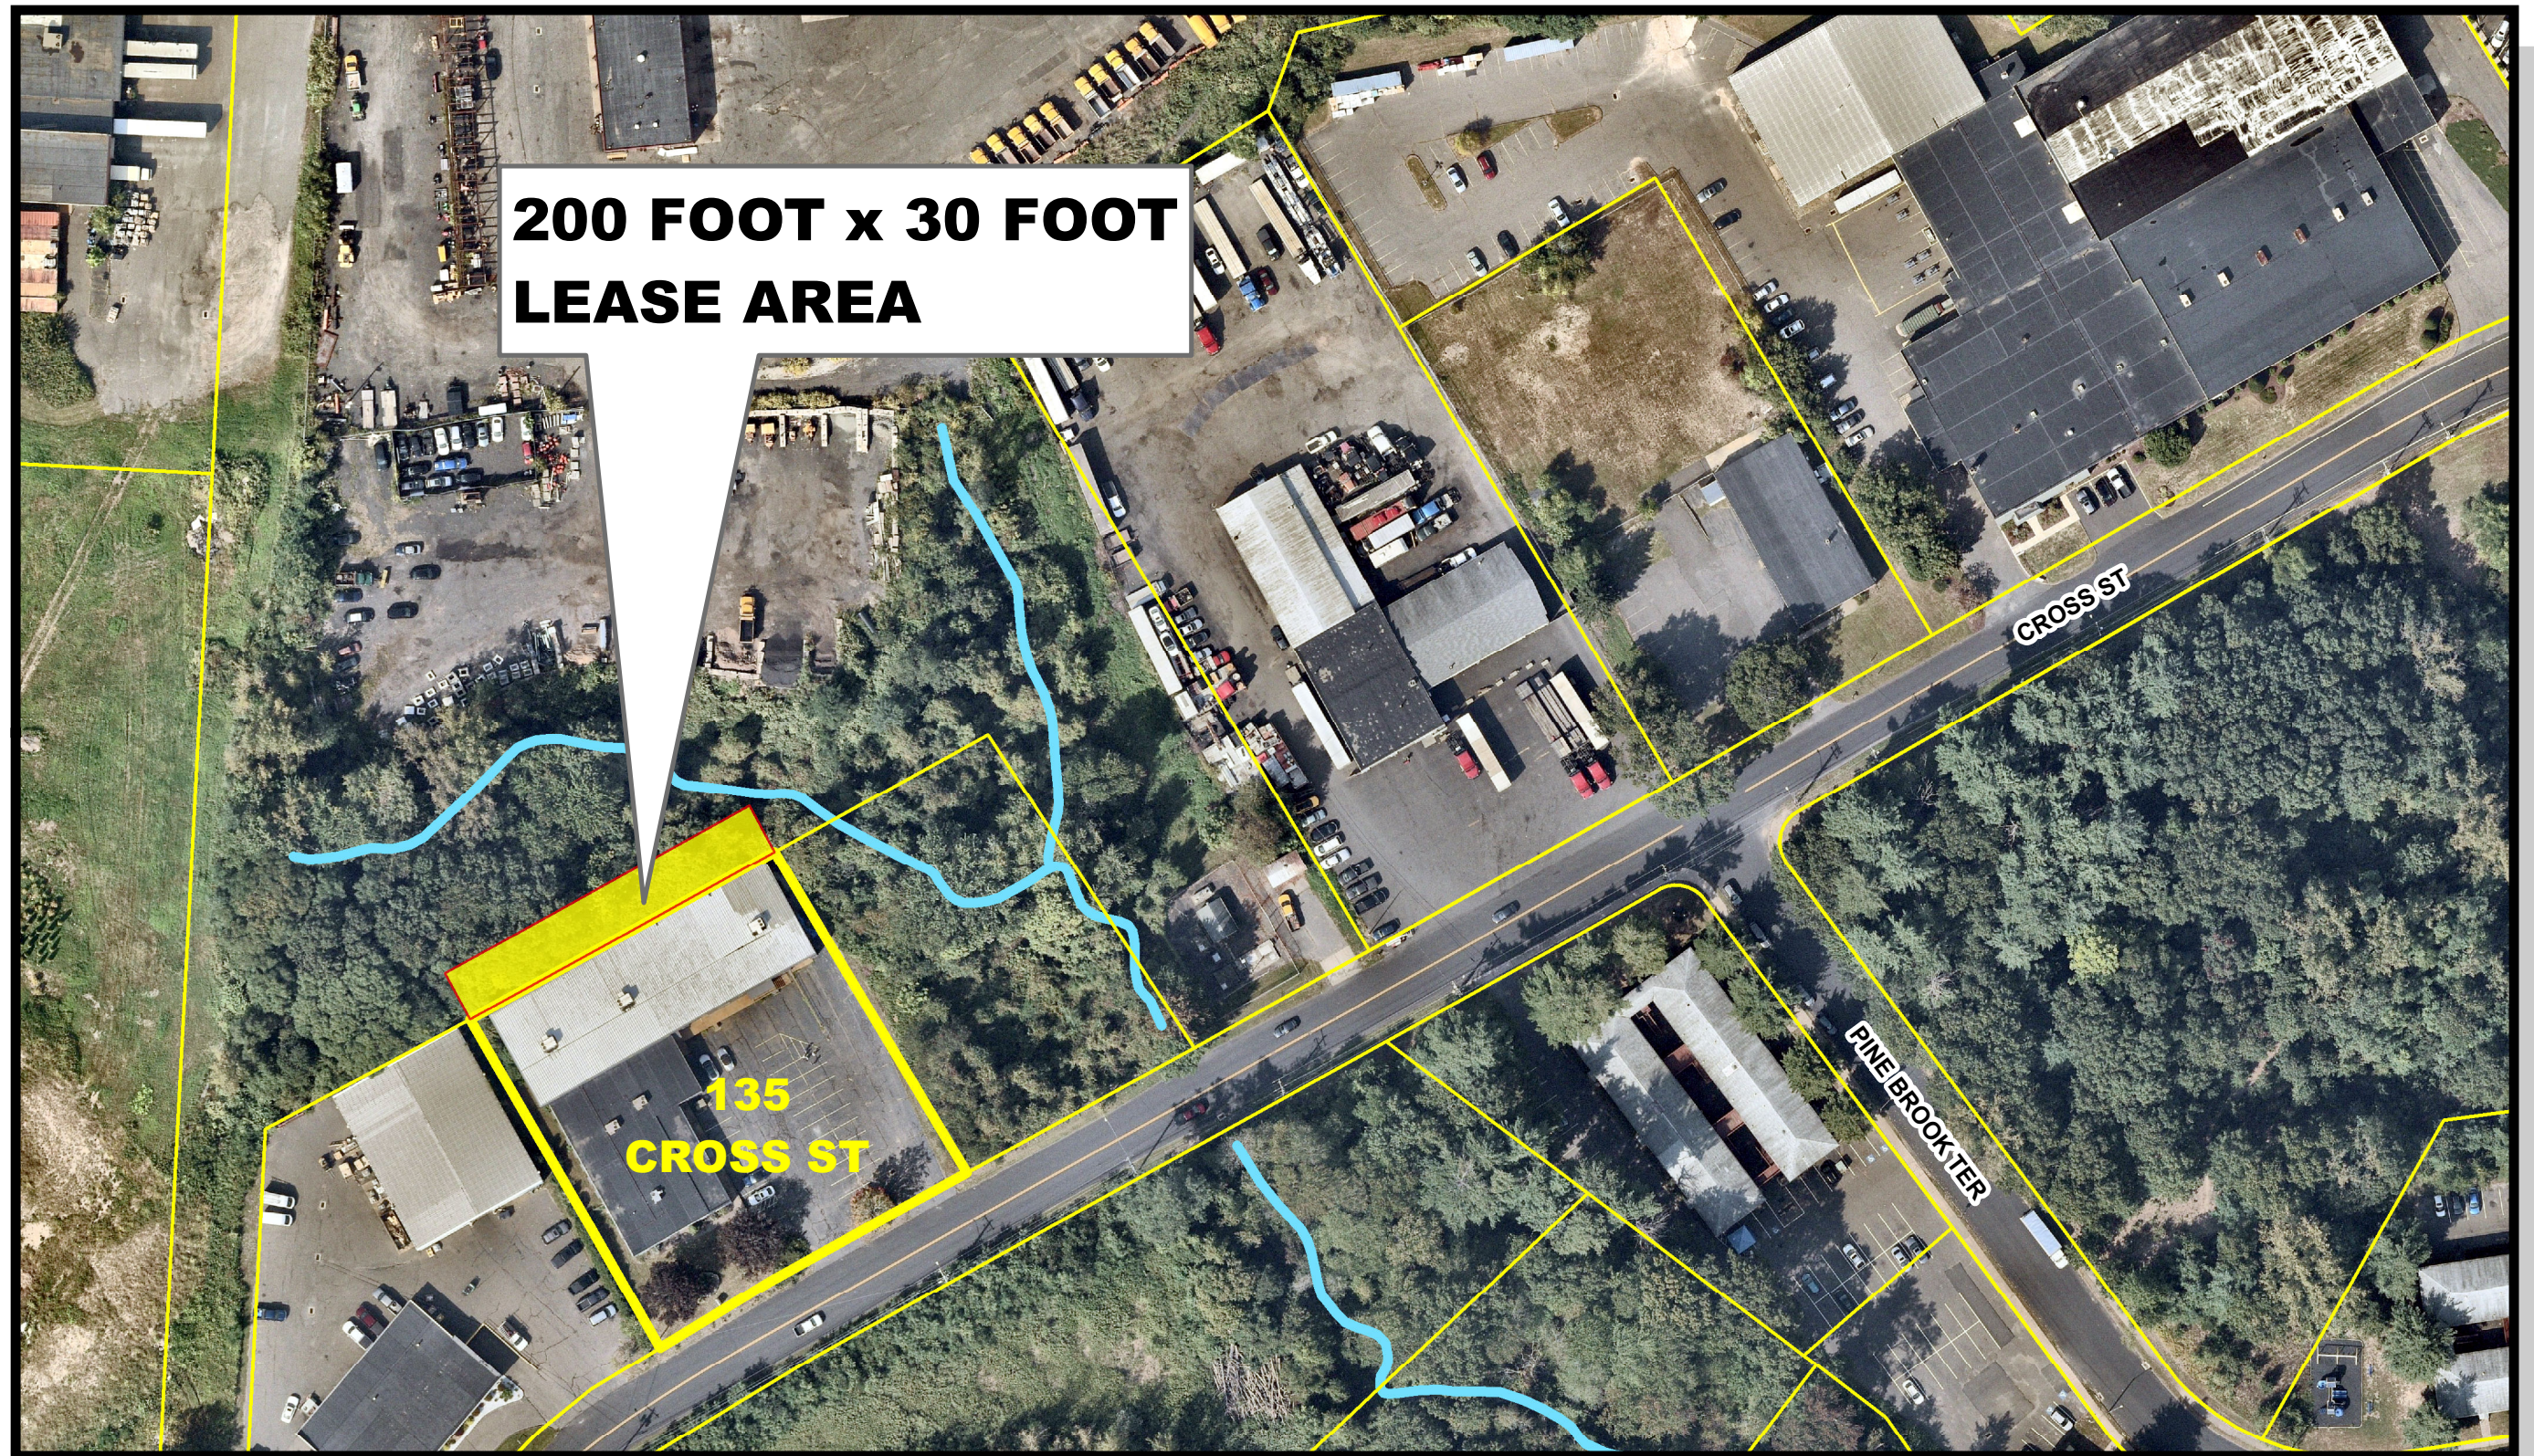

1. Lease limited to a maximum 8-year term.
2. Lease includes a termination clause providing lease holder 1 year time to vacate lease area.
3. Lease shall terminate upon non-use or change of use by lease holder from the intended/ stated lease area use, for a period of 6 months.
4. Lease holder shall be solely responsible for any screening required by the lease holder to block DPW operations.

As Director, I support leasing of the 30 ft X 200 ft area along the rear of 135 Cross St given the following:

- a. DPW currently does not have a specific use of the area.
- b. Lease would include a termination clause
- c. The existing stream and wetland located between DPW's current operations and the property of 135 Cross St poses a challenge for the City to develop the property.
- d. Lease does not create additional setback encroachment requirements.

It should be noted the property owner of 135 Cross has not submitted a formal request to lease the property and this correspondence does not constitute approval of the request. If the property owner submits a formal request, said request will require approval from the Board of Public Works, Real Estate Committee, Planning Commission (State Statute 8-24 referral) and City Council Approval.

Please feel free to contact me at 860-584-6113.

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 9, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: **DPW PROPOSED POLICY – ASSIGNMENT OF PROPERTY ADDRESSES**

Please find attached a proposed policy for assigning address numbers to parcels, structures and commercial/residential units. The policy formalizes a number of the Department's current practices associated with assigning property addresses. The assignment of addresses is critical for City record keeping, property identification and emergency management purposes. The major components of the policy consist of the following:

1. DPW assigns property addresses based on standard conventions.
 - a. Numbering shall begin at the roadway centerline of the intersecting existing City streets, and begin at a low number, corresponding to the center of the primary structure, or center of the lot. Numbers shall be established one number for every 10 feet of centerline roadway. Loop roads shall be numbered counterclockwise.
2. Assignment of address does NOT define the property as a building lot.
3. Care must be taken to reserve numbers for future development/ additional units. Ideally property assignment of address numbers would NOT include structure identifications such as units A, B, C, D, etc. or the naming of private road, however the proposed policy does include provisions for said provisions to ensure the availability of addresses.
4. Proposed policy includes provisions to revise/correct existing, previously assigned addresses.

To adopt the proposed policy, the Department of Public Works requests the following Board action:

Approve the Department of Public Works City Assignment of Property Addresses Policy effective January 1, 2025.

This proposed policy has not been prepared in reaction to any current property owner concerns or specific assignment of addresses.

Please feel free to contact me at 860-584-6113.

CITY OF BRISTOL
DEPARTMENT OF PUBLIC WORKS
POLICY

33.95 CITY ASSIGNMENT OF PROPERTY ADDRESSES

1. Policy Name

33.95 City assignment of property addresses.

2. Responsible Division and effective date

Engineering Division of the Public Works Department.

3. Rationale or Purpose

The Department of Public Works Engineering Division is responsible for assigning property addresses to all parcels, structures, and units (commercial or residential). The assigned address shall be available to all City Departments, along with the property owner, and shall be the sole address used for property identification.

Map, block, and lot number identifying the parcel are also assigned by the Department of Public Works. Property account numbers and PIDs are assigned by the office of City Assessor and are not the subject of this policy.

The purpose of assigning property addresses is for parcel identification purposes only. The assignment of a parcel by the Department of Public Works Engineering Division does not define the property as a City building lot, or establish a multi-unit building as a code compliment structure.

4. Policy Statement

The Department of Public Works Engineering Division shall assign addresses to all City parcel, structures, and units. The assignment of addresses shall include new commercial or residential subdivisions, existing lots redeveloped to contain multiple commercial or multi-structure/unit developments on a single lot, such as a commercial retail/office plaza or condominium/POD developments.

The assignment of addresses shall be consistent with the City's current practices and layout to facilitate locating properties within the City. In particular, it is imperative that addresses are assigned in an orderly and systematic manner to ensure that emergency services, delivery services, and the general public can locate properties within the City.

The initial assignment of addresses on new streets shall provide a sufficient number of un-assigned addresses to facilitate new development, such as creating a multi-family home on a single-family roadway, or constructing a commercial plaza with multiple buildings on a commercial roadway.

The Department prefers the assignment of street addresses without the use of additional unit/structure identifications such as A, B, C, etc. and the Department prefers not naming private roads, such as are used in condominium or POD developments. With that said, in order to ensure the availability of address numbers, this policy recognizes that at times, the use of alphabet characters to identify units (A, B, C, etc.) and private streets may be required.

For new developments/structures, it is critical that for record purposes, addresses are assigned at the time of application for a building permit or a land use permit. As such, this policy recognizes that street names will be established prior to acceptance by the City Council. Therefore, all street names (potential City accepted streets & private roads) shall conform to City Ordinances, with respect to naming. City Council reserves the right to rename a street that will be accepted as a City street. However, once a street name is submitted by the developer and approved by the Department of Public Works, the development shall not rename the street prior to road acceptance by City Council.

This policy also recognizes that assigned addresses may need to be revised or corrected from time to time. It should also be noted that although in accordance with Building and Fire code requirements each building is required to provide signage indicating the property address, the Department does not have the authority or responsibility to change building signage to match City addresses on record with each property.

5. Scope/Items

- 5.1 Address Assignment – New (proposed) City Accepted Street:** Even numbers on north and west sides, odd numbers on south and east sides. Numbering shall begin at the roadway centerline of the intersecting existing City streets, and begin at a low number, corresponding to the center of the primary structure, or center of the lot. Numbers shall be established one number for every 10 feet of centerline roadway. Loop roads shall be numbered counterclockwise.
- 5.2 Address Assignment – Existing Streets:** Assignment of address numbers shall conform to existing street numberings, with one number per ten feet of road centerline. Use of half or fraction of numbers shall be prohibited. The use of A, B, C, etc. characters to identify structures/lots shall be restricted, and shall only be used if whole numbers are no longer available.
- 5.3 Address Assignment - Corner Lots/Structures:** Structures constructed on corner lots shall be assigned a street address number on the street that the front door faces. Property owners are advised that the orientation of the structure will determine street address, and may impact site utility installation requirements, such as water and sewer main extension.
- 5.4 Address Assignment – Private Developments on single lots:** The assignment of structure addresses shall comply with Section 5.2 of this policy, unless insufficient numbers are available for assignment. If required, use of A, B, C, etc. characters to identify structures shall be allowed, and is preferred to the naming of a private road. If the naming of a private road is required, it shall be clear that private roads are not the responsibility of the City of Bristol.

- 5.5 **Address Assignment – Assessor Buildings:** This policy is primarily for parcels, commercial, retail, or residential units only, and does not include assessor structures such as sheds, garages, gazebos, electrical boxes, or similar structures.
- 5.6 **Address Assignment Revisions and or Corrections:** The revision of existing street addresses shall only be performed to correct an assigned address that is inconsistent with the existing number system. Requests from property owners to re-number addressing of structures or lots, due to preference of a particular number, such as lucky or unlucky numbers, or to limit regulatory requirements associated with structure/property frontage, will NOT be processed. If reassignment/correction of an address is required by the City, every effort should be made to coordinate the new/corrected address assignment with the property owner. However, the City reserves the right to correct address numbering assignments and recording on City land records documentation of the new/corrected address.
- 5.7 **Address Assignment – Record Keeping:** Once established, the Department of Public Works shall advise all applicable City Departments and property owners of the assigned address.
- 5.8 **Postal Service Group Mailboxes:** The postal service policy (if applicable) to require the installation of group mail boxes shall not be affected by DPW assignment of property addresses. The purposes address assignment is to identify properties/ units. Property owners and developers shall coordinate / comply with US Postal service requirements and not the responsibility of the City.
- 5.9 **911 Emergency Service Contact:** It is the responsibility of the developers or builder to coordinate address identification with 911 service.

6. Definitions

N/A

7. Approval authority: Board of Public Works

The Board of Public Works reserves the right to waive or amend individual components of this policy on an as needed basis.

8. Approved date: _____

9. Review cycle: Every five years

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 5, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: **DPW TRANSFER STATION – POLICY TO RE-CLASSIFY
RESIDENTIAL PERMITS TO COMMERCIAL PERMITS**

In accordance with the Board of Public Works' vote at its July 20, 2023 meeting, and the attached July 8, 2024 action, the Department of Public Works has completed a review of transfer station residential and Commercial Tier II permit holders to identify users depositing more than 4000 lbs. (2 tons) of chargeable material at the transfer station. In accordance with Department policy, each permit holder that has deposited more than 4000 lbs. within a given year (October 1, 2023 to October 1, 2024), have been classified as a Commercial Tier II permit holders (effective Jan 1, 2025). All other transfer station permits holders, except Commercial Tier I holders (34) & Commercial Tier II out of town transfer station users (38) are classified as residential permit holders.

Based on the review, 207 permit holders previously classified as residential have been reclassified as Commercial Tier II permit holders. Of the 207 permit holders that were reclassified from residential to Commercial tier II, 63 are newly issued permit holders (issued within the last year). There were 62 Commercial tier II permit holders that were reclassified as residential permit holders.

A summary of the Transfer Station permits is provided below:

A. Commercial Permits - Tier I

- i. Permit Fee \$50 (Bristol company) & \$100 (non-Bristol company), renewable every 1 year (according to COI expiration date)
- ii. Material Disposal Cost \$0.85/10 lbs. (except for yard waste and leaves).
- iii. Free disposal of leaves.
- iv. Free disposal of antifreeze (5 gal), oil (5 gal), fluorescent bulbs (10), paint (10 gal), 8 tires per year, 6 mattresses per year (max 4 per day), electronics, metals, and acceptable single stream recyclables. Free disposal not applicable for loads/quantities larger than designated above.
- v. \$5.00 gate fee charge (including free items)
- vi. Yard waste disposal fees are \$0.60/10 lbs. M-F and \$0.85/10 lbs. on Saturdays.

- vii. Insurance requirements: Certificate of Liability showing a minimum of \$500,000 in Auto Liability (Combined Single Limit) and showing the City as an additional insured. Requirement will remain “as is.”
- B. Commercial Permit – Tier II
 - i. Permit fee of \$40. Permit is valid for a 5-year period.
 - ii. Subject to all Commercial Tier I policies and fees, except an insurance certificate is not required. As a result, Commercial Tier II permit holders will not be allowed behind the residential drop-off area. Commercial Tier II permit holders will utilize the same disposal drop-off area as current residential permit holders.
 - iii. Yard waste disposal \$0.60/10 lbs.
- C. Residential Permits
 - i. Permit fee of \$40. Permit is valid for a 5-year period.
 - ii. Material disposal cost of \$0.60/10 lbs. and the first 100 lbs. per day is free.
 - iii. Free disposal of antifreeze (5 gal), oil (5 gal), fluorescent bulbs (10), paint (10 gal), 8 tires per year, 6 mattresses per year (max 4 per day), electronics, metals, and acceptable single stream recyclables. Free disposal not applicable for loads/quantities larger than designated above.
 - iv. Free leave disposal.
 - v. Yard waste disposal \$0.60/10 lbs.

Board approval includes continuing the existing policy of NOT charging commercial and residential permit holders for the disposal of leaves.

In accordance with the policy, each permit holder reserves the right to appeal their reclassification, and/or identify any special circumstances, if they feel they should NOT be re-classified as commercial permit holders. For example, some heavy users may be able to demonstrate that their heavy use was the result of cleaning out a house of a deceased relative, or a home improvement project.

Please feel free to contact me at 860-584-6113 with any questions or concerns.

Department of Public Works | 860.584.6125

December 5, 2024

Mr. XXXX
YYYYYY

Re: City of Bristol – Transfer Station Permit Reclassification Based on Use
Residential to Commercial Tier II

Mr. XXXXXX

In accordance with the Department of Public Works' policy, the Department has completed a review of the amount of chargeable material you have deposited at the transfer station within the last year from October 1, 2023 to October 1, 2024. Residential permit holders that deposited more than 4000 lbs. of material at the transfer station within the designated year have been re-classified as Commercial Tier II permit holders.

The purpose of this letter is to inform you that based on your usage, your existing residential transfer station permit has been re-classified as a Commercial tier II permit (effective Jan 1, 2025).

A summary of the transfer station permit policies and fees is provided below:

A. Commercial Permits - Tier II

- i. Permit Fee \$40
- ii. Material disposal cost of \$0.85/10 lbs. and eliminate free 100 lbs. per day.
- iii. Free disposal of antifreeze (5 gal), oil (5 gal), fluorescent bulbs (10), paint (10 gal), 8 tires per year, 6 mattresses per year (max 4 per day), electronics, metals, and acceptable single stream recyclables. Free disposal not applicable for loads/quantities larger than designated above.
- iv. \$5.00 gate fee charge (including free items)
- v. Yard waste disposal fees are \$0.60/10 lbs.
- vi. Disposal of leaves is free.
- i. Insurance requirements: Insurance certificate is not required. Commercial Permit Tier II holders are not allowed behind the residential drop-off area. Commercial Tier II permit holders will utilize the same disposal drop-off area as current residential permit holders.

Changes from your current residential permit include the following:

- a. A new permit tag will not be required. Continue to use your same permit.

- b. Increase in material disposal cost from \$0.60/10 lbs. to \$0.85/10 lbs. and eliminate free 100 lbs. per day.*
- c. \$5.00 gate fee charge (including free items)*
- d. Yard waste disposal fee of \$0.60/10 lbs. remains*
- e. Disposal of leaves remain free.*

Commercial Tier II permit holders are NOT required to show ID to access transfer station.

In accordance with the policy, please be advised that each permit holder reserves the right to appeal their reclassification, and/or identify any special circumstances, if they feel they should NOT be re-classified as commercial permit holders.

Please feel free to contact DPW with question, concerns or to obtain your transfer station disposal amount from Oct 1 2023 to Oct 1 2024. In addition, please be advised that the City reviews permit use on a yearly and your permit may be reclassified in the future based on use.

Sincerely

Raymond A Rogozinski

Re: City of Bristol – Transfer Station Permit Reclassification Based on Use
Commercial Tier II to Residential

Mr. XXXXXX

In accordance with the Department of Public Works' policy, the Department has completed a review of the amount of chargeable material you have deposited at the transfer station within the last year from October 1, 2023 to October 1, 2024. The City classifies all non-business permit holders that deposited less than 4000 lbs. of material at the transfer station within the designated year as residential permit holders.

Your permit was previously classified as a Commercial Tier II permit. However, **based on your transfer station usage over the last year, your permit has been reclassified as a residential permit (effective Jan 1, 2025).**

A summary of the transfer station permit policies and fees is provided below:

A. Commercial Permits - Tier II

- i. Permit Fee \$40. Permit valid for a 5-year period.
- ii. Material disposal cost of \$0.85/10 lbs. and eliminate free 100 lbs. per day.
- iii. Free disposal of antifreeze (5 gal), oil (5 gal), fluorescent bulbs (10), paint (10 gal), 8 tires per year, 6 mattresses per year (max 4 per day), electronics, metals, and acceptable single stream recyclables. Free disposal not applicable for loads/quantities larger than designated above.
- iv. \$5.00 gate fee charge (including free items)
- v. Yard waste disposal fees are \$0.60/10 lbs.
- vi. Disposal of leaves is free.
- i. Insurance requirements: Insurance certificate is not required. Commercial Permit Tier II holders are not allowed behind the residential drop-off area. Commercial Tier II permit holders will utilize the same disposal drop-off area as current residential permit holders.

Changes from your current Commercial Tier II to residential permit include the following:

- a. *A new permit will not be required. Continue to use the same permit.*
- b. *DECREASE in material disposal cost from \$0.85/10 lbs. to \$0.60/10 lbs. and the first 100 lbs. per day.*
- c. *Disposal of leaves remain free.*
- d. *NO \$5.00 gate fee charge*
- e. *Yard waste disposal fee of \$0.60/10 lbs. remains*

Residential permit holders are required to show ID indicating Bristol residence to enter the transfer station.

In accordance with the policy, please be advised that each permit holder reserves the right to appeal their reclassification. Please feel free to contact DPW with question, concerns or to obtain your transfer station disposal amount from Oct 1 2023 to Oct 1 2024. In addition, please be advised that the City reviews permit use on a yearly and your permit may be reclassified in the future based on use.

Sincerely

Raymond A Rogozinski

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 9, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., and Director of Public Works

RE: DPW – Road Accessway (Unaccepted City Street) – Peter Court

The Department of Public Works has researched City land records for the accessway identified as Peter Court, located north of South Street between Main St and Church Street. The accessway has been classified as an accepted City street. The Department of Public Works has not improved the roadway. However, the Department has performed snow removal and has completed limited repairs to maintain current roadway conditions. The roadway is utilized by two multi-family homes with a commercial property to the rear (north). Residents are required to bring solid waste barrels (rubbish and recycling) to South St for collection.

Based on the research of City land records, the Department of Public Works could not locate any easement, right of way, or property ownership granted to the City that would require the Department to provide roadway maintenance to the Peter Court accessway. In addition, a gate has been recently installed prior to the commercial property that prevents access to the full length of Peter Court. It should also be noted that Peter Court appears to serve no benefit to the general public.

Based on the facts above, the Department of Public Works recommends that the City cease all maintenance of Peter Court. The Department acknowledges that it has provided a level of service for a number of years, and therefore, has contacted each of the property owners requesting that they submit any and all information to the Department of Public Works and/or the Board of Public Works regarding the Department's proposal to cease maintenance of Peter Court. Absent information from property owners, the Department requests the following Board of Public Works action:

Department of Public Works | 860.584.6125

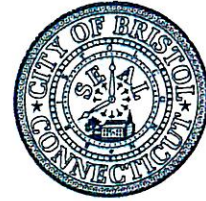

Direct the Department of Public Works to cease any and all maintenance of the road accessway identified as Peter Court, effective January 17, 2024. Said action shall include notification to property owners and submittal to City Council for final approval.

Please note that approval of DPW's recommended action includes revising the property addresses from Peter Court to South St for record purposes.

As of this writing on December 9, 2024 the DPW has not been contact by property owners in response to the Departments 12/4/24 letter.

The Board shall also be advised that DPW has contacted the City's Corporation Counsel regarding the status and potential action associated with maintenance and Department services on Founders Dr, Phelps Road, Tower Road, and Neuman Place. DPW has installing a private road sign on Founders Dr, and has been advised that the property owners of Founders Dr have repaved the road, installed speed humps and has made arrangements to plow the roadway. Therefore, the DPW has ceased all maintenance on Founders Drive. The Department is currently reviewing Phelps Rd to determine if the accessway is within the Phelps right of way.

Please feel free to contact me at 860-584-6113 with any questions or concerns.

Meriden CT., 06450

Dear Property Owner

The Department of Public Works has reviewed available records associate with the accessway current identified with a sign indicating Peters Court (property address 9 Peter Court). Based on the review, the Department finds no record of a public right of way or easement in favor of the City of Bristol indicating the City is authorized or responsible to maintain the access way.

The City acknowledges that the Department of Public Works has plowed the access way for a number of years, however based on the fact that the a portion of the access is currently blocked(picture attached), there is no easement or right of way in favor of the City and the accessway serves no benefit to the general public the Department of Public Works will be recommending to the City's Board of Public Work that the City cease any and all maintenance currently or previously performed by the Departments.

The Department understands that as a property owner you may have information pertinent to the Department of Public Woks recommendation to cease maintenance of the accessway identified as Peter Court. As such, the Department requests that you submit any and all information to the Department or present the information to the Board of Public Works at the Board's December 19, 2024 meeting held in the City's Counsel Chamber at Bristol City Hall (111 north Main Street) at 6:00 PM.

Please be advised that the Department of Public Work's proposal to cease maintenance of the Peter Court accessway does not affect any easement rights you may have or have granting to adjacent property owner.

Subject to Board of Public Work's approval the Department of Public will cease maintenance on January 10, 2024. The proposal to cease maintenance means that you as a property owner will be responsible for all maintenance you may require, including snow removal.

Board of Finance Meetings are held on the fourth Tuesday of each month at 5:30 p.m. in the Council Chambers.

Board of Finance Agenda Request Form

Reason for request:

See the attached DPW memo dated December 10 for the Organic Pilot Collection Program at Memorial Boulevard School. Pilot Program for 3 months - \$2,000. Remaining funds are for the Beautify Bristol campaign.

Additional Appropriation(s) and/or Appropriation(s) complete the following:

Account	Account Name	Amount
1213016 432169	Liquor Bottle Deposits Nips	\$56,484
1213016 561800	Program Supplies	\$54,484
1213016 531000	Professional Fees	\$2,000

Department of Public Works | 860.584.6125

MEMORANDUM

DATE: December 10, 2024

TO: Mayor Jeffrey Caggiano
Board of Public Works

FROM: Raymond A. Rogozinski, P.E., Director of Public Works

RE: **DPW ORGANIC PILOT COLLECTION PROGRAM – BOE
MEMORIAL BLVD BRISTOL ARTS AND INNOVATION MAGNET
SCHOOL**

The Department of Public Works is proposing a pilot organic collection program at Memorial Blvd School – Bristol Arts and Innovation Magnet School. The proposal is to implement a pilot program to collect and dispose of organic waste generated by food services at the 265-student school.

Cost would consist of the weekly collection of organics by a vendor, and disposal at Quantum Biopower, a food waste to energy facility in Southington. The Quantum facility utilizes anaerobic digestion to generate methane to produce electricity.

The estimated organics generated at Mem Blvd School during the pilot program is 6 tons. The cost to collect and dispose of the organic waste is \$2,000. Proposed funding of the pilot program would utilize State nipper funds.

The purpose of the pilot program is to obtain data and determine the effectiveness of a school-based organic collection program. It should be noted that organic collection is a key component of CT DEEP's statewide solid waste management plan. The Department is currently conducting a volunteer pilot program for residential organic collection, consisting of a collection center at the City yard. The residential program has had limited success, and the intent of the current program, as with original recycling programs implemented by the State, is to start organic collection with students.

It appears the proposed program has the support of the school's administration, and will be assisted by the school's science club, providing student outreach. Per Public Act 24-45, starting on July 1, 2026, each public school building grades K-12 that (a) produces at least 26 tons of organic waste per year, and (b) is within 20 miles of a composting facility, will be required to divert food scraps.

It is not anticipated that Mem Blvd School will generate the quantity of organic that would require diversion, however, other City schools such as West Bristol would.

It is NOT the intent of the proposed pilot program for the City to fund BOE solid waste operations. However, as indicated above, the pilot program will generate data, determine the effectiveness of an organic collection program, and provide public education. The Department of Public Works believes organic collection at City schools is a more cost-effective organic collection program than collection at residential homes within the City, as the Department currently collects municipal rubbish and recycling.

Please feel free to contact me at 860-584-6113.

Board of Finance Agenda Request Form

Reason for request:

The DPW is currently proceeding with the replacement of the Field St, Andrew St and Mellen (Mem Blvd & South St) culverts. The Field St culvert is currently under design by Cardinal Engineering and RFPs have been issued for the design of the Andrew and Mellen St culverts.

The culverts will be funded as a State Local Bridge program that provides 50% funding of design and construction cost. The DPW is requesting funding to purchase Engineering software which will enable DPW Eng. to perform the structural design of the culverts. Procurement of the 3- software totaling \$14,013, will save the City its share of Eng. cost (3 bridges X \$22,000/str design X 50% = \$33,000).

The BOF request is to transfer \$14,013 from the Major Bridge account to DPW Eng. program supply account for the purchase of Structural Engineering software.

Transfer(s) complete the following:

From:	3023019-589000-30400	To:	0013011-561800	Amount:	\$14,013
	Major Bridge		DPW Eng Program Suppl
