8. COMMITTEE REPORTS

a. AWARDS COMMITTEE MINUTES

Commissioner Ghio reminded everyone of the Greater Bristol Exchange Club's 56th Honoring Heroes Awards Banquet, which is being held on Thursday, June 12th at the DoubleTree Hotel.

b. TRAFFIC SAFETY COMMITTEE

Council Member Tyler asked Chief Morello what is the Department's Traffic Safety Strategy. Chief Morello responded with the following:

I. General/Blind.

This pillar is the foundation of our traffic safety strategy, and is an all-hands-on-deck approach, led by our Patrol Division, the agency's largest division. The goal of this pillar is to conduct citywide enforcement of traffic violations by identifying and holding violators accountable, and creating a highly visible police presence throughout the city to discourage unsafe behaviors in the first place.

Our data shows a 94 % increase in MV arrests in 2024 from the previous year and a 109% increase in written warnings. From the same period last year, we have a 140% increase in arrests and a 219% increase in written warnings. These numbers do not include stops that resulted in verbal warnings. We are likely to meet or exceed historical department highs in motor vehicle enforcement at our current trajectory.

II. Targeted.

Targeted enforcement uses data to identify areas with historically high numbers of traffic crashes. It focuses enforcement efforts in those areas using various methods, including unmarked vehicles, spotters, and high visibility presence. Data sources include the Connecticut Crash Data Repository and internal and external information sources. Members of our Traffic Division interpret and evaluate this data and deploy resources to address these areas of concern. Additionally, as part of our spring into summer road safety initiative, our Patrol Division has been conducting focused enforcement in areas such as Work Zone Safety, Windshield Tints, and, coming soon, Stop Sign violations. Our Patrol Division will also collaborate with our Traffic Division in some instances in furtherance of various initiatives.

III. Education.

The Bristol Police Department has a robust social media presence, including Facebook, Instagram, and X, which is used to inform and educate the public on traffic laws and agency initiatives and to seek assistance in identifying and solving traffic concerns and violations. We also provide in-person educational forums through our Community Relations and Traffic Divisions, Police Board meetings, and other public contacts, including traffic stops themselves.

IV. Technology.

Currently, the only new age technology the Bristol Police have is the Flock camera system, which has been very helpful to this agency on various types of cases, including stolen vehicles. However, these cameras are not designed to identify and correct traffic-related violations. For this, I support the implementation of automated traffic enforcement devices (ATEDS) to help supplement our efforts in areas identified as high risk, such as high-crash intersections and school zones. An evaluation of our internal data shows that the public generally identifies traffic offenses as a leading public safety concern. My belief is that ATEDS would be an effective tool in our efforts to make roads safer for drivers and pedestrians in Bristol and round out our technology pillar. These devices have been broadly and effectively used as far back as the 1970s in Europe, and since these devices are now codified in Connecticut law, Bristol should seriously reconsider the positive impact these devices could have in enhancing our traffic safety efforts.

According to Black's Law Dictionary, Uncollectible means:

"A thing unable to be collected after all efforts have been made".

Other definitions include:

"not capable of being collected; "a bad (or uncollectible) debt". bad. invalid - having no cogency or legal force; "invalid reasoning".

2024-2025 Write Offs:

September 2024 - Michael Orciari - \$90 original fine waived

February 2025 - Liberty Baptist Church - \$1,440 late fees waived

April 2025 - Rostra Vernatherm LLC - \$1,620 all fines written off (no longer in business)

NOTES:

This month we started mentoring a student at South Side School. We meet weekly for a short time and plan to continue through the end of the school year.

Frankie launched her merchandise store this month. We have sold over 40 clothing items in her store thus far.

There was no community relations day this month, calls for service have picked up on patrol and it has been more challenging to make arrangements for community events due to less community contact.

RE: May Monthly Traffic Division Statistic Report

Complaints:

Mid-May a sergeant took a complaint of traffic on East Road that was being caused by South Street construction, where a detour was created using East Road and also Memorial Boulevard. Several enforcement patrols were logged by officers in the Traffic Division, only resulting in two motor vehicle stops. Department wide, six total motor vehicle stops were made.

Traffic Enforcement Areas:

During May, traffic officers reverted back to crash hotspots to direct their enforcement activities, as well as several locations with Connecticut Department of Motor Vehicles, Truck Squad unit. The squad focused on areas known for truck traffic, but are residential areas, which leads to lower motor vehicle activity. Their focus was quality of resident's lives with possible trucking violations.

Traffic officers assisted the truck squad unit with five stops in the areas of Burlington Avenue and Peacedale Street. Trucks utilizing these roads typically travel to the Firestone building on James P Casey Road where several factories are located. These traffic stops can be more time consuming, as the semitruck can be more complicated if violations are located on a truck and the need for a full inspection is needed to further determine the extent of a/multiple violation(s).

Other Traffic Officer Activities:

During the month of May, units from the division worked on prep work for the Forestville annual Duck Race and deployed information display trailers for the Fishing Derby to warn drivers of possible crowds of people in the area.

Officers also assisted with a funeral detail of an officer's father who had passed away. They also took traffic posts for two Memorial Day parades, one for Forestville and a procession in downtown Bristol that ended on Memorial Boulevard. A procession is different from a parade, as processions are typically silent escorts.

Officers from traffic also participated in a week-long training class and others had taken extended vacations during the month of May.

Grants:

I applied for a Federally funded Speed and Aggressive Driving Grant in May. This grant allows for one hundred percent reimbursement of all overtime activities for a maximum amount of \$50,000.00 of work for grant activities. The City of Bristol was awarded a total of \$46,091.39 covering overtime for the grant from July 1 to September 5, 2025. Grant activities are voluntary to work and the officer has to apply to work a grant assignment. Patrol shifts do take priority over any grant assignment.

Serious/Fatal Traffic Crashes:

Open Cases:

1. Case #24-41230 (10/12/24) – Two motorcyclists were westbound on Farmington Avenue. In the area of Vanderbilt Road, one of the riders lost control and laid down his motorcycle, which struck several curbs and came to a rest after striking a guy wire. Lifesaving measures were taken and the rider was taken to an area hospital, where he was later pronounced dead. This crash is currently under investigation.
2. Case #25-11386 (3/12/25) – A vehicle was traveling on Witches Rock Road, towards the Town of Wolcott when the vehicle lost control, striking a tree. The lone driver and occupant was ejected from the vehicle. He was transported to an area hospital where he was pronounced dead. This crash is currently under investigation.

New Cases:

1. Case #25-19397 (5/2/25) – A eastbound motorcycle was traveling on Farmington Avenue. In the area of McDonalds, a vehicle exited the parking lot and was struck by the motorcycle. The motorcycle operator was transported from the scene and was pronounced dead at the hospital. The other driver was not seriously injured and has spoken with police for this investigation. This crash is currently under investigation.

Closed cases:

1. (Repeated from April's report) Case #24-13707 (4/11/24) – A patron left a bar and walked out into the middle of Pine Street, where he proceeded to yell at the establishment. As he walked back towards the sidewalk, he was struck by an eastbound vehicle. The vehicle then fled to the highway, where it left the roadway and struck a guardrail. New Britain police, as well as CT State Police responded, who ultimately arrested the driver for DUI and other motor vehicle charges. This investigation has concluded and an arrest warrant has been issued for the driver. The investigator is seeking to locate the driver to serve the warrant.
 - a. **(NEW)** Several attempts between multiple agencies have been made to serve the arrest warrant, however all were unsuccessful.
2. Case #24-40426 (10/6/24) – A motorcyclist was westbound on Pine Street, crossed over Middle Street and continued up Mountain Road. The rider failed to negotiate the curve on Mountain Road, crossed over the double yellow line and struck an eastbound vehicle. The rider was pronounced dead at the scene. The vehicle operator was transported for minor injuries and later released from the hospital. This crash has been closed and no arrests will made.

OFFICER SAFETY PLAN 10 PREMIUM

Safety meets savings

The Officer Safety Plan 10 Premium helps your agency make the most of your connected, mission critical technologies. From TASER 10 to Axon Fusus, realize substantial savings when you bundle Axon hardware and software offerings.

WHAT'S INCLUDED

COMPREHENSIVE ENERGY WEAPON PROGRAM

/ TASER 10

OSP 10 Premium includes TASER 10, Axon's safest, most effective connected weapon to date. Each TASER 10 energy weapon comes with a TASER 10 Certification Pro Plan. This includes Axon's Live Cartridge Duty Replacement Program, training cartridges, holsters, rechargeable batteries, instructor training and end-user training.

TRAIN FOR THE REALITY OF TODAY—AND TOMORROW

/ Axon VR Training

Prepare officers for complex, real-world situations through immersive training that enhances performance, critical thinking and de-escalation skills.

CONNECTED DEVICES CAPTURE TRUTH IN THE MOMENT

/ Axon Body Camera with Device Connectivity

Unlock added value with Axon Body 3 or Axon Body 4 with real-time connectivity to power situational awareness. OSP 10 Premium users benefit from real-time alerts, locations, and livestreaming on the Axon Fusus map. With Axon Body 4, unlock even more situational awareness tools with bi-directional communication abilities and officer-initiated Watch Me requests.

/ Axon Signal Sidearm

Ensure vital footage is captured by adding an automatic activation sensor to your holster, which alerts your camera to start recording when a firearm is unholstered.

REIMAGINED RECORDS MANAGEMENT SYSTEM

/ Axon Records

Unify report writing, case management and digital evidence within a records management system integrated with Axon Evidence. Streamline workflows and ensure compliance with evolving requirements through customizable forms and a dynamic reporting experience.

License subscription only. Does not include implementation costs. Available for agencies with 100+ sworn officers.

POWERFUL EVIDENCE AND PROGRAM MANAGEMENT TOOLS

/ Axon Standards

Establish a single source of truth for use-of-force and internal affairs reporting. Leverage streamlined report writing for high-risk, officer-involved events. Utilize simplified workflows and robust data management capabilities to maintain your agency's standards.

License subscription only. Does not include implementation costs. Available for agencies with 15+ sworn officers.

/ Axon Evidence

Easily manage, store, review and share data from one cloud-based Digital Evidence Management System (DEMS), all while maintaining security and chain of custody.

/ Axon Performance

Streamline supervisor reviews, measure Axon body-worn camera, Fleet and TASER weapon policy compliance, and identify areas for training and policy improvement.

/ Axon Community Request

Easily collect digital evidence from the public using a custom community portal, and manage submissions through Axon Evidence.

/ Redaction Assistant

Cut down redaction work significantly thanks to automatic screen, license plate, and head detection and tracking.

/ Auto-Tagging

Use information from your existing CAD/RMS to automatically add metadata to your videos on Axon Evidence.

/ Channel Services

Unite your third-party data onto one centralized platform. Migrate data from one source into Axon Evidence with seamless support.

/ **Unlimited Third-Party Storage**

Consolidate digital evidence across your agency with unlimited storage in Axon Evidence.

/ **Third-Party Video Playback**

Accurately playback countless third-party file types from CCTV and other video sources inside of Axon Evidence. Store, manage, review and share all your evidence from a single location.

/ **Axon Investigate**

Unlock the power of video evidence with a simple, fast and forensically-sound solution to video evidence challenges.

/ **My90 by Axon**

Build bridges between your agency and community with data-driven technology that improves transparency, trust and communication. Collect ongoing feedback from post-contact public and officer surveys to help your agency understand community and officer sentiment.

UNLOCKING THE FUTURE OF EMERGENCY RESPONSE

/ **Axon Fusus**

Unify all your public safety assets within a widely-trusted platform for real-time crime centers. Aggregate live video, data and sensor feeds from virtually any source including your connected Axon devices, enhancing situational awareness and investigative capabilities for public safety. Benefit from additional features such as more CCTV streams, multi-media tips, SMS notifications, and RMS integration capabilities.

Axon Fusus package and capabilities are dependent on number of licenses purchased.

/ **Axon Air DFR (Drone as First Responder)**

The most advanced drone solution for public safety combines three autonomous Skydio X10 drones, three fully integrated docks, Axon Evidence licenses, and DedroneBeyond long-range airspace awareness to enable safe and efficient Beyond Visual Line of Sight (BVLOS) operations without the need for Visual Observers. Designed to respond within two minutes of 911 calls, the solution allows for remote piloting to deliver real-time intelligence to responding officers. Seamlessly integrated with PSAPs, RTCCs, and command centers, this solution empowers agencies to enhance situational awareness, improve response times, enhance officer safety and confidently scale their drone programs.

Hartford Man Pleads Guilty to Fentanyl and Cocaine Trafficking Charge

David X. Sullivan, United States Attorney for the District of Connecticut, announced that JORDAN FLYTHE, also known as “T,” 32, of Hartford, pleaded guilty today before U.S. District Judge Victor A. Bolden in New Haven to a fentanyl and cocaine trafficking offense.

According to court documents and statements made in court, on March 31, 2021, Flythe [was sentenced in Hartford federal court](#) to 36 months of imprisonment for distributing fentanyl and crack cocaine. He was released from federal prison in September 2022.

In August 2024, the Drug Enforcement Administration’s Hartford Task Force and Middletown Police Department determined that Flythe was distributing fentanyl and other narcotics in Middletown. Between August and November 2024, investigators made multiple controlled purchases of fentanyl from Flythe. On December 18, 2024, a court authorized search of Flythe’s residence on Adelaide Street in Hartford revealed approximately 240 grams of fentanyl mixed with xylazine and other additives, and approximately 160 grams of cocaine.

Flythe pleaded guilty to possession with intent to distribute 40 grams or more of fentanyl and a quantity of cocaine, an offense that carries a mandatory minimum term of imprisonment of five years and a maximum term of imprisonment of 40 years. A sentencing date is not scheduled.

Flythe has been detained since his arrest on March 6, 2025.

This investigation has been conducted by the DEA’s Hartford Task Force, the Middletown Police Department, and the Hartford Police Department. The task force includes personnel from the DEA Hartford Resident Office, the Connecticut State Police, and the Bristol, Hartford, East Hartford, Enfield, Manchester, Middletown, New Britain, Rocky Hill, Wethersfield, and Windsor Locks Police Departments.

The case is being prosecuted by Assistant U.S. Attorney Reed Durham.

Subject: CPCA End of Session

All,

Just a quick summary covering the main bills for CPCA:

HB 7288, (the bond bill section 233) this bill is the fix to the paid sick issue from last session. It would allow for only certain public sector workers (public safety) to use their accrued paid sick leave at the increments set in their applicable collective bargaining agreement. This bill passed and is headed to the Governor's desk.

HB 7160 The DMV Bill. This has the yellow envelope which covers all physical and mental disabilities. It has a section that DMV must send a notice of suspension if a driver fails to appear or pay their ticket. It creates a payment plan with CIB for people to pay their tickets starting in 2028. Our e-bike language is also in here too. An e-bike must be labeled correctly for which class it falls into, if not there is a penalty. Sellers of e-bikes must provide a written explanation of the different classes of e-bike. There is a new definition for "one wheeled vehicles". Motor driven cycle now includes electric or hybrid motors that have a capacity of less than 50 cc, 3700 watts or less, or five brake horsepower. This bill passed and is headed to the Governor's desk.

HB 7161, the bill that would have prevented the DMV commissioner from suspending a license for failure to pay a ticket for a non-moving violation is dead.

HB 7132, the non-safety traffic stops bill has passed. The bill does not create a secondary traffic system as we have fought for years. It allows for law enforcement to stop a car for one working headlight, but the first offense can only be a verbal or written warning. It makes small changes allowing for the windshield to be almost entirely unobstructed. It allows for a license plate frame on plates as long as the state and all of the letters/numbers of the plate are visible. The plate can be in the back window as long as an officer or automation can read it. In there for law enforcement is the ability to pull over a motor vehicle if the officer sees AND smells cannabis. There are also additional penalties for drivers caught going over 100 MPH. I will note that the advocates were not pleased with the bill and wanted the "secondary stop system" in there. This bill likely (hopefully) shuts the door on further pushes to reduce motor vehicle infractions by not creating a system that could be added to each session. This bill passed and is headed to the Governor's desk.

SB 1284, allows for towns to adopt ordinances to destroy ATVs and dirt bikes that are seized in street takeovers. This bill passed and is headed to the Governor's desk.

SB 1229, the CPCA FOIA bill that would allow for the charging of redaction services for FOIA requested body and dash camera footage. Individuals that were not in the footage would be the individuals who would be charged. This bill is dead.

HB 7259, this bill here is where the changes to the Trust Act is located. What passed regarding the Trust Act is 13 class C felonies that were added that would allow local law enforcement to contact ICE for. The felonies are really all over the place. The felonies included are 53-21, 53a-56a, 53a-64aa, 53a-71, 53a-72a, 53a-72b, 53a-90a, 53a-102a, 53-196e, 53-196f, 53-196i, 53a-222, and 53a-223. There is also an addition to the Trust Act that allows for "any aggrieved person" to seek an injunction against a municipality. If the court ruled in the person's favor, the municipality would have to pay the person's attorney fees. What the advocates wanted in the bill was the ability to sue an officer individual AND automatic decertification for any officer who intentionally or unintentionally assisted ICE. These requests by the advocates were NOT included in the Trust Act. Also in this bill is a fix that clarifies that Taser 10 deployments do not qualify as deadly force. Currently, a Taser 10 deployment would quantify for an IG investigation, this bill fixes that. This bill passed and is headed to the Governor's desk.

HB 7033, this bill would have prohibited municipalities from adopting ordinances that would prohibit homeless encampments on town property. This bill is dead.

HB 6229, this bill would have allowed civilians to come into municipal animal shelters at any time during business hours and conduct "inspections" of the facilities. It would have also mandated that all animals that enter a municipal animal shelter be placed within 90 days into a foster home. This bill is dead.

HB 7965, this bill would have decriminalized small amounts of psilocybin under a half ounce. This bill is dead.

THANK YOU to all you guys for your work this session and to all the chiefs that I contacted this session. The credit really goes to you guys for all the success this session!

Please call or email me for any questions on bills.
