

On-site Wetland minutes:

Monday August 29th 2022
Shrub Road Open Space/Barns Nature Center

Attendees

- Dan Massaro
- Dave Scarritt
- Jason Morrocco
- Aaron Habor

The site conditions were observed. Land manager walked us around the property showing the new location for trail and other areas. It was also observed that new benches and rest areas would be established. Existing bridge crossing would be removed and new crossing installed, keeping current bridge elevations.
