- b. Brian Suchinski adds item to old business inquiring as to the trigger causing BBHD to open a checking account, separate from the one currently shared with the City of Bristol.
 - i. Director Palmeri summarizes the issue BBHD faced with the City of Bristol not releasing purchase orders and ultimately not paying BBHD's contractors for a length of time. This was done after paying these same contractors with no issue for some time. Mayor Cagginao interjects, stating he believed this was an issue regarding liability coverage for the contractors in question. Director Palmeri recalls the history of this issue, citing the fact that BBHD's many attempts to rectify and discuss the situation were ignored by the City of Bristol. Finally, a discussion was held with the Comptroller, HR Director and Purchasing Agent regarding the need for liability coverage for the contractors which was ultimately provided and BBHD's purchase orders were released thereafter.
 - ii. Director Palmeri then discusses the secondary need for a separate bank account due to the Dept. of Public Health (DPH) informing BBHD that they would no longer be releasing grant funding to the City of Bristol by way of the pooled account shared with BBHD.
 - iii. Brian Suchinski asks Director Palmeri for the current amount of BBHD's separate bank account. Director Palmeri states that he would rather not discuss at this time.
 - i. Mayor Caggiano states that the City was surprised to receive a call from M&T bank, where BBHD was previously opening a checking account, however that action has been cancelled and another banking institution was used due to the breach of BBHD's privacy. Joshua Plourde states that M&T Bank was unethical in Calling the City of Bristol regarding BBHD and that it seemed strange.
 - iv. Brian Suchinski asks Director Palmeri for the pay dates of the Contractors in regards to the above stated issue regarding the payment of contractor invoices.
 - v. Brian Suchinski then asks Director Palmeri if there was a Board Resolution regarding the opening of the bank account. Director Palmeri gives Mr. Suchinski the history and timeline of the bank account since it happened prior to Mr. Suchinski's appointment to the BBHD Board of Health. To date no monies have been paid out of the separate bank account.
 - vi. Brian Suchinski takes issue with the fact that no Special Meetings were called to discuss the banking prior to the opening of the account. Mr. Suchinski stated that the real problem with the checking account is that BBHD doesn't have a procurement policy and believes one is needed. Mr. Suchinski stated he believes there are also signatory issues with the BBHD bank account.
 - vii. Joshua Plourde voices his frustration due to the lack of payment to contractors for such a long time and the affect it has on people's lives.
 - viii. Kathy Langlais states that the point to take away is that the board needs to be better informed and have better communication.
 - ix. Brian Suchinski stated Mayor Caggiano placed him on the Board to provide oversight.
 - x. Mayor Caggiano asks if the Comptroller was made aware of the grant payment BBHD received. Director Palmeri informs the mayor that there was no need to inform her as there is no lack of money in the current accounts which BBHD is currently using to pay contractors.
