Correspondence

***From Chairman Micari to Kristi Steinfeldt:** *Dear Ms. Steinfeldt, on behalf of the Bristol Commission for Persons with Disabilities, I thank you for your interesting and informative presentation at our November Commission meeting. The presentation, on the wide range of services provided by "Caring People" and you personally, as a Home Care Consultant, in particular the critical process of matching clients with caregivers, illustrated the importance that your Company places on the helping relationship and well-being of all whom you serve. The presentation further conveyed your Company's commitment to staff training and development, through "Caring People University", through which quality of care and the nurturing of professional skill and talent is promoted. Thank you also for conveying your caring and compassionate demeanor, indeed a reflection of your personal professionalism. We look forward to future collaboration in support of our Commission's Mission.*

***From Chairman Micari to Gina Fusco:** *On behalf of the Bristol Commission for Persons with Disabilities, I thank you for your presentation at our November Commission meeting. Your discussion on the topic of Neurodiversity was extremely informative, detailed and educational. The sharing of your "personal story", including your lifelong experiences and journey to explore diagnoses, to help explain the myriad challenges which you have faced and continue to face daily, was a powerful testimony of your resilience. I and our Commissioners also thank you for your entertaining and inspirational message and commitment to educate others, who may also face similar challenges of bullying, rejection and isolation.*
